

Dear Erin Seiler:

As Committee Administrator, please distribute this e-mail to all House members. I would urge them to vote NO on the following bills: HB2738, HB3304, HJR32, HB2198, and HB3077. These bills seek to take away county controls, county voting and individual voters rights, and undermines freedoms guaranteed under the US Constitution. As a registered Wallowa County voter I am deeply concerned that the Oregon Legislators would even consider such freedom destroying bills. As a 71 year Oregon resident I say vote NO on these bills.
