

House Committee on Rules

Representatives Chris Garrett, Wally Hicks, Val Hoyle, Phil Barnhart, Vicki Berger, Michael Dembrow, Paul Holvery, Bob Jenson, and Bill Kennemer:

Please accept this as testimony for the hearings on this bills scheduled for Monday, March 18th 2013, at 3:00 pm.

HB 2738: I am a constituent of Rep. Paul Holvey and I am quite offended he, along with Rep. Phil Barnhart and Rep Harker would support such a bill as to take away our rights to elect the basic party official – a precinct committee person - at the local level as will happen in this bill. To prevent the election of any official at any level is an attack on our Republic. **Vote NO.**

HJR 32: Removing county clerks from elective office; to prevent the election of any official at any level is an attack on our Republic. **Vote NO.**

HB 3304: Creates another government agency whom is not accountable to the citizens and takes local control over the county clerk away from the county. More and more government appointed committees and agencies are being formed which have the power to spend our tax dollars without being accountable to the people paying the taxes. This is taxation without representation. **Vote NO.**
