Resolution

March 14, 2013

Re: HB5016 Section 8

Be it resolved,

The Board of the Clackamas County Law Library unanimously approves the following recommendations:

1. County law libraries around the state are organized differently depending on the needs of their communities.
2. Those libraries allocate resources differently.
3. Local boards and management are best suited to decide how resources should be allocated.
4. To assure the most efficient use of state funding, the Legislature should continue to allow local boards and management to decide how law library funds are allocated.
5. Appropriations should be allocated at existing levels.
