**EFFECT OF COMMITTEE AMENDMENT:** No amendment.

**BACKGROUND:** The State Plan for Alzheimer’s Disease and Related Dementias (ADRD) was developed by the State Plan for Alzheimer’s Disease in Oregon Task Force (SPADO) and was released in July 2012. The Plan issued five goals and ten key recommendations:

1. Enhance public awareness and engagement
  - Increase public awareness and how to access resources
  - Create a website that provides a single entry point to link information and resources
2. Optimize care quality and efficiency
  - Develop and implement quality standards and measurable outcomes for Alzheimer’s/dementia care in Oregon
  - Ensure that Oregon has a dementia-capable licensed health care workforce
3. Protect individuals with dementia
  - Require that all Oregon guardians, both family and professional, receive appropriate training relating to dementia
  - Expand capacity to protect the safety and well-being of individuals with dementia
4. Improve access to quality care
  - Develop appropriate care settings and services for individuals that require a higher level of expertise
  - Increase access to memory loss medical care providers
5. Comprehend, prevent, and effectively treat dementia and its impact
  - Establish a coordinated data system to improve Oregon’s ability to plan and provide effective resources
  - Expand existing dementia research and Oregon’s participation in research efforts
