Summary of Expenditure Impact:

Please see analysis

Local Government Mandate:

This bill may does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

Analysis:

The measure allows for a city or district to require landowner's consent to eventual annexation before providing an extraterritorial service except when providing that service on behalf of another local government pursuant to an intergovernmental agreement. The measure also voids existing landowners consent agreements if those agreements were entered into as a condition of the provision of extraterritorial services resulting from an intergovernmental agreement.

The fiscal impact of the measure is indeterminate due to the unknown number of existing consent agreements, the unknown number of cities and districts affected, and the unknown cost of possible reversal of existing annexations subject to the provisions of the bill.
