**Measure Description:**

Raises amount used to classify public procurement as small procurement under Public Contracting Code from maximum of \$5,000 to maximum of \$10,000.

**Government Unit(s) Affected:**

Department of Administrative Services (DAS), Statewide

**Summary of Expenditure Impact:**

Please see analysis

**Local Government Mandate:**

This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

**Analysis:**

The measure is anticipated to produce a small amount of savings for state agencies. By increasing the small procurement threshold, agencies would be allowed to directly negotiate contracts less than \$10,000 resulting in operational efficiencies by reducing staff time and other costs associated with the competitive bid process for contracts between \$5,000 and \$10,000.
