Local Government Mandate:

This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

Analysis:

With the exception of the Governor's office, the measure has a minimal fiscal impact on state government. The Governor's office reports that to affect the requirements of the measure, three full time positions would need to be created to fulfill the roll of a business "ombudsman" to work as an advocate of the applicants. These positions would work within the Governor's Regional Solutions Network and with the Regional Solutions Advisory Committees. Because the fiscal impact of the measure would have a potential budgetary impact on the agency, it is recommended that the measure be subsequently referred to the Joint Committee on Ways and Means.
