Local Government Mandate:

This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

Analysis:

The measure establishes the Office of Small Business Assistance (OSBA) within the Office of the Secretary of State (SOS) for the purpose of facilitating communication and resolving issues and complaints related to interactions between small businesses (as defined in the bill) and executive branch state agencies. The measure also contains a provision allowing the OSBA to investigate otherwise unresolvable issues and complaints between state agencies and small businesses, in certain circumstances, allowing for agency comment on final determination.

The Secretary of State estimates that to carry out the provisions of the bill it would require the establishment of two full-time positions (1.50 FTE in the 2013-15 biennium). The positions would be funded with Corporate Division fees collected by the SOS that would otherwise be available for transfer to the General Fund.

The establishment of the positions and the funding is included as a policy option package in the Governor's recommended budget.
