Analysis: The passage of SB 633 - A may potentially decrease fiscal impacts to counties if they are already regulating or were planning to regulate the growing of specified plants and seeds. The bill currently has no fiscal impact to the State. However, should SB 633-1 pass; a fiscal impact to the state may be implied if future regulatory legislation is enacted regarding production or use of agricultural seed, flower seed, nursery seed or vegetable seed or products of agricultural seed, flower seed nursery seed or vegetable seed.
