Local Government Mandate:

This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

Analysis: This bill would allow certain students to pay instate resident tuition and fees at Oregon public universities.

The Oregon University System (OUS) estimates that approximately 38 students would take advantage of this opportunity in the 2013-15 biennium and 80 students would use the program in 2015-17. The students would likely be spread out relatively evenly across all six campuses. OUS looked at the experiences of Washington, Kansas, New Mexico, Texas and Wisconsin, who have implemented similar programs, to estimate the number of additional students. It is not anticipated that the volume of students using this opportunity would require additional staff or faculty.
