BACKGROUND: The Youth Development Council (YDC) was established, through legislation in 2012. It includes tribal representation and supports oversight of the service delivery system for school-age children through youth of 20 years old. The YDC helps to identify priority areas for funding that would reduce juvenile delinquency and improve social and academic outcomes. House Bill 2392A modifies membership to include county representatives and requires the YDC to prioritize and identify funds to support community based youth development programs.
