**WHAT THE MEASURE DOES:** Requires coordinated care organization (CCO) and community advisory council to adopt health improvement plan. Specifies strategies to be included in plan. Specifies entities to be involved with development of health improvement plan. Authorizes Oregon Health Authority (OHA) provide incentive grants. Directs CCOs submit report to OHA, and OHA to compile information and present to Legislative Assembly by December 31, 2014. Sunsets on convening of 2015 Legislative Assembly. Declares emergency, effective on passage.

**ISSUES DISCUSSED:**

- Importance of school-based health centers (SBHCs) and coordination with coordinated care organizations (CCOs)
- Medical records integration
- Local community involvement
- SBHCs and patient centered-primary care home
- Positive impacts of SBHCs
- Health care reform and education system reform
- Proposed amendments

**EFFECT OF COMMITTEE AMENDMENT:** Replaces original measure.

**BACKGROUND:** Coordinated Care Organizations (CCOs) have been directed by the Oregon Health Authority (OHA) to reduce the health care cost curve by 6 percent over the next 4 years. Many of the efforts to achieve these savings will be focusing on individuals who over-utilize emergency rooms, and/or adults with serious chronic or mental health conditions. Supporters assert that many prevention programs and children’s health programs have been in place for a long time and have a proven record of success, and are concerned that these programs will not be a focus of the CCOs in many areas.

Senate Bill 436-A requires CCOs and the community advisory council to adopt community health improvement plans. Additionally, the measure specifies the plan goals and local programs that are associated with children, families that should be involved.
