Measure Description:

Requires construction labor contractors to be licensed by Commissioner of Bureau of Labor and Industries.

Government Unit(s) Affected:

Bureau of Labor and Industries (BOLI)

Summary of Expenditure Impact:

See Analysis

Local Government Mandate:

This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

Analysis:

The bill brings construction labor contractors under the same statutes as farm labor contractors. The Commissioner of the Bureau of Labor and Industries (BOLI) would be required to administer and enforce licensing and regulatory requirements as well as adopt rules related to licensing of construction labor contractors. The proposed broader scope of statute would apply to an unknown number of previously unlicensed and unregulated contractors operating in the state of Oregon.

The Legislative Fiscal Office (LFO) anticipates that enactment of the proposed legislation would have a fiscal impact to BOLI. However because the number of potential licensees is unknown, the possible increase in workload and expenses in addition to fee revenue, are not measurable at this time. Therefore LFO believes that the ramifications of this measure are not fully understood and the fiscal impact is indeterminate.
