**WHAT THE MEASURE DOES:** Urges Congress to increase investment in Drinking Water State Revolving Fund and Clean Water State Revolving Fund to upgrade and repair public water and wastewater systems.

**ISSUES DISCUSSED:**

- Additional federal investment is needed
- History of Drinking Water State Revolving Fund and Clean Water State Revolving Fund
- Water needs of rural communities

**EFFECT OF COMMITTEE AMENDMENT:** No amendment.

**BACKGROUND:** The Drinking Water State Revolving Fund and the Clean Water State Revolving Fund are both used by communities to upgrade water and wastewater systems. Many of these systems are becoming increasingly ineffective due to age. By increasing investment in these funds, Congress can provide a means to many communities to afford repairs to existing systems or replacement of those systems.
