Date: 3/12/2013

Measure Description:

Directs Oregon Health Authority to conduct a study related to infants who have lysosomal storage disorders, and assess the feasibility of requiring infants born in this state to be screened and treated for lysosomal storage disorders.

Government Unit(s) Affected:

Oregon Health Authority (OHA)

Analysis:

The proposed legislation has been determined to have
MINIMAL EXPENDITURE IMPACT
on state or local government.

While this individual measure has a “Minimal” fiscal impact, an agency may incur a net fiscal impact greater than minimal depending on the cumulative impact of all measures enacted into law that affect the agency.
