**Measure Description:**

Directs district school boards to adopt policies for use of personal electronic devices in schools of school district.

**Government Unit(s) Affected:**

Department of Education, School Districts

**Summary of Expenditure Impact:**

See Analysis.

**Local Government Mandate:**

This bill does not affect local governments' service levels or shared revenues sufficient to trigger Section 15, Article XI of the Oregon Constitution.

**Analysis:** The bill requires school districts to adopt policies for the use of personal electronic devices in schools. This will not only require rule/policy development and adoption, but possibly increased costs associated with technology and network management and development of wireless networks within schools. Any costs associated with the provisions of this bill would have to be paid from school district operating funds. The Oregon Department of Education anticipates a minimal fiscal impact due to this bill.
