Revenue Area: Property Tax  
Economist: Christine Broniak  
Date: 4/23/2013

*Only Impacts on Original or Engrossed  
Versions are Considered Official*

**Measure Description:**

Prohibits city or district from requiring consent by landowner to eventual annexation in exchange for providing extraterritorial service when city or district is providing service on behalf of another local government pursuant to intergovernmental agreement.

**Revenue Impact (in \$Millions):**

Indeterminate, but negative, see below

**Impact Explanation:**

The measure would void consent from landowners to an annexation by a district or city in return for providing extraterritorial services if those services were provided pursuant to an intergovernmental agreement. It would prohibit a district or city to require this consent in exchange for provision of services under an intergovernmental agreement. To the extent that landowners do not become part of annexation, districts will receive less revenue. The scale of this depends on the prevalence of the requirement to agree to annexation for the provision of these services.
