- Reason for review by the Joint Committee on Ways and Means

EFFECT OF COMMITTEE AMENDMENT: No amendment.

BACKGROUND: In 2009, the Legislature passed HB 3082, which created a pilot project to be implemented by the Department of Revenue that required certain occupational licensees to be in compliance with Oregon tax law before obtaining or renewing their occupational license. In Phase I of the pilot project they worked with three licensing boards: the Mortuary and Cemetery Board, the Construction Contractors Board, and the Board of Tax Practitioners. In Phase II, they worked with the Department of Consumer and Business Services and the Plumbing Board, the Board of Architect Examiners, and the Department of Agriculture.
