**Measure Description:**

Creates Fish Passage Restoration Subaccount within Fish Passage Fund. Establishes fees for in conduit hydropower projects to be directed to the fund which would be waived upon installation of fish passage.

**Revenue Impact (in \$Millions):** Indeterminate, see below.

**Impact Explanation:**

The in conduit hydropower projects that would be affected by the new fees are considered to be relatively rare, so this portion of the revenue impact is minimal. There is an indeterminate impact associated with the creation of the Fish Passage Restoration Subaccount because the measure enables the account to receive funds from donations, federal funds, or funds from any other source.

**Creates, Extends, or Expands Tax Expenditure:** Yes  No
