The Capital Construction Subcommittee appropriated General Fund to support the provisions of the bill.

**Summary of Capital Construction Subcommittee Action**

House Bill 2549-B creates a three-tier system for ranking sex offenders based on their risk as established by a designated risk assessment tool. It requires all offenders in the current system to be reclassified. It creates requirements for notification of the public. It requires all classifications of existing registrants to be completed by December 1, 2016.

Currently, the Department of Corrections, the Oregon Board of Parole and Post-Prison Supervision (BPPPS), and community corrections law enforcement agencies conduct a sex offender risk assessment tool called a “Static 99” that would meet the requirements of the measure. BPPPS reports there are close to 20,000 registered sex offenders currently in Oregon and approximately 16,000 have a current Static 99. BPPPS assumes that at least 4,000 Static 99 assessments will need to be conducted on current offenders that have not already received the assessments. BPPPS anticipates the need for two permanent Administrative Specialist 2 positions (1.67 FTE) to handle the additional 4,000 assessments.

The Subcommittee approved the appropriation of \$254,655 General Fund and the establishment of two positions (1.67 FTE) for the Board of Parole and Post-Prison Supervision to carry out the provisions of the bill.
