3 **SECTION 3.** ORS 537.150, as amended by section 13, chapter 819, Oregon Laws 2009, is
4 amended to read:

5 537.150. (1) Within 15 days after receiving an application, the Water Resources Department shall
6 determine whether the application contains the information listed under ORS 537.140 (1) and is
7 complete and not defective, including the payment of all fees required under ORS 537.140 (5). If the
8 department determines that the application is incomplete or defective or that not all fees have been
9 paid, the department shall return the fees paid and the application.

10 (2) Upon determining that an application contains the information listed under ORS 537.140 (1)
11 and is complete and not defective, the department shall indorse on the application the date upon
12 which the application was received at the department, which shall be the priority date for any water
13 right issued in response to the application. All applications that comply with the provisions of law
14 shall be recorded in a suitable book kept for that purpose.

15 (3) If an application is complete and not defective, the department shall determine whether the
16 proposed use is prohibited by ORS chapter 538. If the proposed use is prohibited by ORS chapter
17 538, the department shall reject the application and return all fees to the applicant with an expla-
18 nation of the statutory prohibition.

19 (4) If the proposed use is not prohibited by ORS chapter 538, the department shall undertake
20 an initial review of the application and make a preliminary determination of:

21 (a) Whether the proposed use is restricted or limited by statute or rule;

22 (b) The extent to which water is available from the proposed source during the times and in the
23 amounts requested; and

24 (c) Any other issue the department identifies as a result of the initial review that may preclude
25 approval of or restrict the proposed use.

26 (5) Upon completion of the initial review and no later than 30 days after determining an appli-
27 cation to be complete and not defective as described in subsection (1) of this section, the department
28 shall notify the applicant of its preliminary determinations and allow the applicant 14 days from the
29 date of mailing within which to notify the department to stop processing the application or to pro-
30 ceed with the application. If the applicant notifies the department to stop processing the application,
31 the department shall return the application and all fees paid in excess of [\$150] **\$225**. If the depart-
32 ment receives no timely response from the applicant, the department shall proceed with the appli-
33 cation.

34 (6) Within seven days after proceeding with the application under subsection (5) of this section,
35 the department shall give public notice of the application in the weekly notice published by the de-
36 partment. The notice shall include a request for comments on the application and information per-
37 taining to how an interested person may obtain future notices about the application and a copy of
38 the proposed final order.

39 (7) Within 30 days after the public notice under subsection (6) of this section, any person inter-
40 ested in the application shall submit written comments to the department. Any person who asks to
41 receive a copy of the department's proposed final order shall submit to the department the fee re-
42 quired under ORS 536.050 (1).

44 section 3 of this 2013 Act, is amended to read:

45 537.150. (1) Within 15 days after receiving an application, the Water Resources Department shall

1 determine whether the application contains the information listed under ORS 537.140 (1) and is
2 complete and not defective, including the payment of all fees required under ORS 537.140 (5). If the
3 department determines that the application is incomplete or defective or that not all fees have been
4 paid, the department shall return the fees paid and the application.

5 (2) Upon determining that an application contains the information listed under ORS 537.140 (1)
6 and is complete and not defective, the department shall indorse on the application the date upon
7 which the application was received at the department, which shall be the priority date for any water
8 right issued in response to the application. All applications that comply with the provisions of law
9 shall be recorded in a suitable book kept for that purpose.

10 (3) If an application is complete and not defective, the department shall determine whether the
11 proposed use is prohibited by ORS chapter 538. If the proposed use is prohibited by ORS chapter
12 538, the department shall reject the application and return all fees to the applicant with an expla-
13 nation of the statutory prohibition.

14 (4) If the proposed use is not prohibited by ORS chapter 538, the department shall undertake
15 an initial review of the application and make a preliminary determination of:

16 (a) Whether the proposed use is restricted or limited by statute or rule;

17 (b) The extent to which water is available from the proposed source during the times and in the
18 amounts requested; and

19 (c) Any other issue the department identifies as a result of the initial review that may preclude
20 approval of or restrict the proposed use.

21 (5) Upon completion of the initial review and no later than 30 days after determining an appli-
22 cation to be complete and not defective as described in subsection (1) of this section, the department
23 shall notify the applicant of its preliminary determinations and allow the applicant 14 days from the
24 date of mailing within which to notify the department to stop processing the application or to pro-
25 ceed with the application. If the applicant notifies the department to stop processing the application,
26 the department shall return the application and all fees paid in excess of [~~\$225~~] **\$200**. If the depart-
27 ment receives no timely response from the applicant, the department shall proceed with the appli-
28 cation.

29 (6) Within seven days after proceeding with the application under subsection (5) of this section,
30 the department shall give public notice of the application in the weekly notice published by the de-
31 partment. The notice shall include a request for comments on the application and information per-
32 taining to how an interested person may obtain future notices about the application and a copy of
33 the proposed final order.

34 (7) Within 30 days after the public notice under subsection (6) of this section, any person inter-
35 ested in the application shall submit written comments to the department. Any person who asks to
36 receive a copy of the department's proposed final order shall submit to the department the fee re-
37 quired under ORS 536.050 (1).

38 **SECTION 5.** ORS 537.153, as amended by section 14, chapter 819, Oregon Laws 2009, is
39 amended to read:

40 537.153. (1) Within 60 days after the Water Resources Department proceeds with the application
41 under ORS 537.150 (5), the department shall complete application review and issue a proposed final
42 order approving or denying the application or approving the application with modifications or con-
43 ditions. The department may request the applicant to provide additional information needed to
44 complete the review. If the department requests additional information, the request shall be specific
45 and shall be sent to the applicant by registered mail. The department shall specify a date by which

1 the information must be returned, which shall be not less than 10 days after the department mails
2 the request to the applicant. If the department does not receive the information or a request for a
3 time extension under ORS 537.175 by the date specified in the request, the department may reject
4 the application and may refund fees in accordance with ORS 536.050 [(3)(a)] (4)(a). The time period
5 specified by the department in a request for additional information shall allow the department to
6 comply with the 60-day time limit established by this subsection.

7 (2) In reviewing the application under subsection (1) of this section, the department shall pre-
8 sume that a proposed use will not impair or be detrimental to the public interest if the proposed
9 use is allowed in the applicable basin program established pursuant to ORS 536.300 and 536.340 or
10 given a preference under ORS 536.310 (12), if water is available, if the proposed use will not injure
11 other water rights and if the proposed use complies with rules of the Water Resources Commission.
12 This shall be a rebuttable presumption and may be overcome by a preponderance of evidence that
13 either:

14 (a) One or more of the criteria for establishing the presumption are not satisfied; or

15 (b) The proposed use will impair or be detrimental to the public interest as demonstrated in
16 comments, in a protest under subsection (6) of this section or in a finding of the department that
17 shows:

18 (A) The specific public interest under ORS 537.170 (8) that would be impaired or detrimentally
19 affected; and

20 (B) Specifically how the identified public interest would be impaired or detrimentally affected.

21 (3) The proposed final order shall cite findings of fact and conclusions of law and shall include
22 but need not be limited to:

23 (a) Confirmation or modification of the preliminary determinations made in the initial review;

24 (b) A brief statement that explains the criteria considered relevant to the decision, including the
25 applicable basin program and the compatibility of the proposed use with applicable land use plans;

26 (c) An assessment of water availability and the amount of water necessary for the proposed use;

27 (d) An assessment of whether the proposed use would result in injury to existing water rights;

28 (e) An assessment of whether the proposed use would impair or be detrimental to the public
29 interest as provided in ORS 537.170;

30 (f) A draft permit, including any proposed conditions, or a recommendation to deny the appli-
31 cation;

32 (g) Whether the rebuttable presumption that the proposed use will not impair or be detrimental
33 to the public interest has been established; and

34 (h) The date by which protests to the proposed final order must be received by the department.

35 (4) The department shall mail copies of the proposed final order to the applicant and to persons
36 who have requested copies and paid the fee required under ORS 536.050 (1)(p). The department also
37 shall publish notice of the proposed final order by publication in the weekly notice published by the
38 department.

39 (5) Any person who supports a proposed final order may request standing for purposes of par-
40 ticipating in any contested case proceeding on the proposed final order or for judicial review of a
41 final order. A request for standing shall be in writing and shall be accompanied by the fee estab-
42 lished under ORS 536.050 (1)(n).

43 (6) Any person may submit a protest against a proposed final order. A protest shall be in writing
44 and shall include:

45 (a) The name, address and telephone number of the protestant;

1 (b) A description of the protestant's interest in the proposed final order and, if the protestant
2 claims to represent the public interest, a precise statement of the public interest represented;

3 (c) A detailed description of how the action proposed in the proposed final order would impair
4 or be detrimental to the protestant's interest;

5 (d) A detailed description of how the proposed final order is in error or deficient and how to
6 correct the alleged error or deficiency;

7 (e) Any citation of legal authority supporting the protest, if known; and

8 (f) [*For persons other than the applicant,*] The protest fee required under ORS 536.050.

9 (7) Requests for standing and protests on the proposed final order shall be submitted within 45
10 days after publication of the notice of the proposed final order in the weekly notice published by the
11 department. Any person who asks to receive a copy of the department's final order shall submit to
12 the department the fee required under ORS 536.050 (1)(p), unless the person has previously requested
13 copies and paid the required fee under ORS 537.150 (7), the person is a protestant and has paid the
14 fee required under ORS 536.050 (1)(j) or the person has standing and has paid the fee under ORS
15 536.050 (1)(n).

16 (8) Within 60 days after the close of the period for receiving protests, the Water Resources Di-
17 rector shall:

18 (a) Issue a final order as provided under ORS 537.170 (6); or

19 (b) Schedule a contested case hearing if a protest has been submitted and if:

20 (A) Upon review of the issues, the director finds that there are significant disputes related to
21 the proposed use of water; or

22 (B) Within 30 days after the close of the period for submitting protests, the applicant requests
23 a contested case hearing.

24 **SECTION 6.** ORS 537.610, as amended by section 15, chapter 819, Oregon Laws 2009, is
25 amended to read:

26 537.610. (1) The Water Resources Commission shall accept all registration statements referred
27 to in ORS 537.605 completed and returned to the commission in proper form, endorse on the regis-
28 tration statement the date of the return and record each statement. Upon recording the statement,
29 the commission shall issue to the registrant a certificate as evidence that the registration is com-
30 pleted.

31 (2) The issuance of the certificate of registration serves as prima facie evidence that the regis-
32 trant is entitled to a right to appropriate ground water and apply it to beneficial use to the extent
33 and in the manner disclosed in the recorded registration statement and in the certificate of regis-
34 tration.

35 (3) A certificate of registration issued under this section may not be construed as a final de-
36 termination of any matter stated in the certificate of registration. The right of the registrant to
37 appropriate ground water under a certificate of registration is subject to determination under ORS
38 537.670 to 537.695, and is not final or conclusive until so determined and a ground water right cer-
39 tificate issued. A right to appropriate ground water under a certificate of registration has a tenta-
40 tive priority from the date when the construction of the well was begun.

41 (4) The commission shall adopt by rule the process and standards by which the commission will
42 recognize changes in the place of use, type of use or point of appropriation for claims to appropriate
43 ground water registered under this section. The commission shall adopt fees not to exceed [*\$500*]
44 **\$1,250** for actions taken to modify a certificate of registration.

45 **SECTION 7.** ORS 537.610, as amended by section 15, chapter 819, Oregon Laws 2009, and by

1 section 6 of this 2013 Act, is amended to read:

2 537.610. (1) The Water Resources Commission shall accept all registration statements referred
3 to in ORS 537.605 completed and returned to the commission in proper form, endorse on the regis-
4 tration statement the date of the return and record each statement. Upon recording the statement,
5 the commission shall issue to the registrant a certificate as evidence that the registration is com-
6 pleted.

7 (2) The issuance of the certificate of registration serves as prima facie evidence that the regis-
8 trant is entitled to a right to appropriate ground water and apply it to beneficial use to the extent
9 and in the manner disclosed in the recorded registration statement and in the certificate of regis-
10 tration.

11 (3) A certificate of registration issued under this section may not be construed as a final de-
12 termination of any matter stated in the certificate of registration. The right of the registrant to
13 appropriate ground water under a certificate of registration is subject to determination under ORS
14 537.670 to 537.695, and is not final or conclusive until so determined and a ground water right cer-
15 tificate issued. A right to appropriate ground water under a certificate of registration has a tenta-
16 tive priority from the date when the construction of the well was begun.

17 (4) The commission shall adopt by rule the process and standards by which the commission will
18 recognize changes in the place of use, type of use or point of appropriation for claims to appropriate
19 ground water registered under this section. The commission shall adopt fees not to exceed [~~\$1,250~~]
20 **\$1,125** for actions taken to modify a certificate of registration.

21 **SECTION 8.** ORS 537.620, as amended by section 16, chapter 819, Oregon Laws 2009, is
22 amended to read:

23 537.620. (1) The Water Resources Department shall accept all applications for permits submitted
24 under ORS 537.615 in proper form.

25 (2) Within 15 days after receiving the application, the department shall determine whether the
26 application contains the information listed under ORS 537.615 (2) and is complete and not defective,
27 including the payment of all fees required under ORS 537.615 (5). If the department determines that
28 the application is incomplete or defective or that not all fees have been paid, the department shall
29 return the fees paid and the application to the applicant to remedy the defect. If an application is
30 complete and not defective, the department shall indorse on the application the date upon which the
31 application was received at the department, which shall be the priority date for any water right is-
32 sued in response to the application.

33 (3) Upon determining that an application is complete and not defective, the department shall
34 determine whether the proposed use is prohibited by statute. If the proposed use is prohibited by
35 statute, the department shall reject the application and return all fees to the applicant with an ex-
36 planation of the statutory prohibition.

37 (4) If the proposed use is not prohibited by statute, the department shall undertake an initial
38 review of the application and make a preliminary determination of:

39 (a) Whether the proposed use is restricted or limited by statute or rule or because the proposed
40 use is located within a designated critical ground water area;

41 (b) The extent to which water is available from the proposed source during the times and in the
42 amounts requested; and

43 (c) Any other issue the department identifies as a result of the initial review that may preclude
44 approval of or restrict the proposed use.

45 (5) Upon completion of the initial review and no later than 30 days after determining an appli-

1 cation to be complete and not defective as described in subsection (2) of this section, the department
 2 shall notify the applicant of its preliminary determinations and allow the applicant 14 days from the
 3 date of mailing within which to notify the department to stop processing the application or to pro-
 4 ceed with the application. If the applicant notifies the department to stop processing the application,
 5 the department shall return the application and all fees paid in excess of [~~\$150~~] **\$225**. If the depart-
 6 ment receives no timely response from the applicant, the department shall proceed with the appli-
 7 cation.

8 (6) Within seven days after proceeding with the application under subsection (5) of this section,
 9 the department shall give public notice of the application in the weekly notice published by the de-
 10 partment. The notice shall include a request for comments on the application and information per-
 11 taining to how an interested person may obtain future notices about the application and a copy of
 12 the proposed final order.

13 (7) Within 30 days after the public notice under subsection (6) of this section, any person inter-
 14 ested in the application shall submit written comments to the department. Any person who asks to
 15 receive a copy of the department's proposed final order shall submit to the department the fee re-
 16 quired under ORS 536.050 (1)(p).

17 **SECTION 9.** ORS 537.620, as amended by section 16, chapter 819, Oregon Laws 2009, and by
 18 section 8 of this 2013 Act, is amended to read:

19 537.620. (1) The Water Resources Department shall accept all applications for permits submitted
 20 under ORS 537.615 in proper form.

21 (2) Within 15 days after receiving the application, the department shall determine whether the
 22 application contains the information listed under ORS 537.615 (2) and is complete and not defective,
 23 including the payment of all fees required under ORS 537.615 (5). If the department determines that
 24 the application is incomplete or defective or that not all fees have been paid, the department shall
 25 return the fees paid and the application to the applicant to remedy the defect. If an application is
 26 complete and not defective, the department shall indorse on the application the date upon which the
 27 application was received at the department, which shall be the priority date for any water right is-
 28 sued in response to the application.

29 (3) Upon determining that an application is complete and not defective, the department shall
 30 determine whether the proposed use is prohibited by statute. If the proposed use is prohibited by
 31 statute, the department shall reject the application and return all fees to the applicant with an ex-
 32 planation of the statutory prohibition.

33 (4) If the proposed use is not prohibited by statute, the department shall undertake an initial
 34 review of the application and make a preliminary determination of:

35 (a) Whether the proposed use is restricted or limited by statute or rule or because the proposed
 36 use is located within a designated critical ground water area;

37 (b) The extent to which water is available from the proposed source during the times and in the
 38 amounts requested; and

39 (c) Any other issue the department identifies as a result of the initial review that may preclude
 40 approval of or restrict the proposed use.

41 (5) Upon completion of the initial review and no later than 30 days after determining an appli-
 42 cation to be complete and not defective as described in subsection (2) of this section, the department
 43 shall notify the applicant of its preliminary determinations and allow the applicant 14 days from the
 44 date of mailing within which to notify the department to stop processing the application or to pro-
 45 ceed with the application. If the applicant notifies the department to stop processing the application,

1 the department shall return the application and all fees paid in excess of [§225] **\$200**. If the depart-
2 ment receives no timely response from the applicant, the department shall proceed with the appli-
3 cation.

4 (6) Within seven days after proceeding with the application under subsection (5) of this section,
5 the department shall give public notice of the application in the weekly notice published by the de-
6 partment. The notice shall include a request for comments on the application and information per-
7 taining to how an interested person may obtain future notices about the application and a copy of
8 the proposed final order.

9 (7) Within 30 days after the public notice under subsection (6) of this section, any person inter-
10 ested in the application shall submit written comments to the department. Any person who asks to
11 receive a copy of the department's proposed final order shall submit to the department the fee re-
12 quired under ORS 536.050 (1)(p).

13 **SECTION 10.** ORS 537.621, as amended by section 17, chapter 819, Oregon Laws 2009, is
14 amended to read:

15 537.621. (1) Within 60 days after the Water Resources Department proceeds with the application
16 under ORS 537.620 (5), the department shall complete application review and issue a proposed final
17 order approving or denying the application or approving the application with modifications or con-
18 ditions. The department may request the applicant to provide additional information needed to
19 complete the review. If the department requests additional information, the request shall be specific
20 and shall be sent to the applicant by registered mail. The department shall specify a date by which
21 the information must be returned, which shall be not less than 10 days after the department mails
22 the request to the applicant. If the department does not receive the information or a request for a
23 time extension under ORS 537.627 by the date specified in the request, the department may reject
24 the application and may refund fees in accordance with ORS 536.050 [(3)(a)] **(4)(a)**. The time period
25 specified by the department in a request for additional information shall allow the department to
26 comply with the 60-day time limit established by this subsection.

27 (2) In reviewing the application under subsection (1) of this section, the department shall de-
28 termine whether the proposed use will ensure the preservation of the public welfare, safety and
29 health as described in ORS 537.525. The department shall presume that a proposed use will ensure
30 the preservation of the public welfare, safety and health if the proposed use is allowed in the ap-
31 plicable basin program established pursuant to ORS 536.300 and 536.340 or given a preference under
32 ORS 536.310 (12), if water is available, if the proposed use will not injure other water rights and if
33 the proposed use complies with rules of the Water Resources Commission. This shall be a rebuttable
34 presumption and may be overcome by a preponderance of evidence that either:

35 (a) One or more of the criteria for establishing the presumption are not satisfied; or

36 (b) The proposed use would not ensure the preservation of the public welfare, safety and health
37 as demonstrated in comments, in a protest under subsection (7) of this section or in a finding of the
38 department that shows:

39 (A) The specific aspect of the public welfare, safety and health under ORS 537.525 that would
40 be impaired or detrimentally affected; and

41 (B) Specifically how the identified aspect of the public welfare, safety and health under ORS
42 537.525 would be impaired or be adversely affected.

43 (3) The proposed final order shall cite findings of fact and conclusions of law and shall include
44 but need not be limited to:

45 (a) Confirmation or modification of the preliminary determinations made in the initial review;

1 (b) A brief statement that explains the criteria considered relevant to the decision, including the
2 applicable basin program and the compatibility of the proposed use with applicable land use plans;

3 (c) An assessment of water availability and the amount of water necessary for the proposed use;

4 (d) An assessment of whether the proposed use would result in injury to existing water rights;

5 (e) An assessment of whether the proposed use would ensure the preservation of the public
6 welfare, safety and health as described in ORS 537.525;

7 (f) A draft permit, including any proposed conditions, or a recommendation to deny the appli-
8 cation;

9 (g) Whether the rebuttable presumption under subsection (2) of this section has been established;

10 (h) The date by which protests to the proposed final order must be received by the department;
11 and

12 (i) The flow rate and duty of water allowed.

13 (4) In establishing the flow rate and duty of water allowed, the department may consider a
14 general basin-wide standard, but first shall evaluate information submitted by the applicant to dem-
15 onstrate the need for a flow rate and duty higher than the general standard. If the applicant pro-
16 vides such information, the department shall authorize the requested rate and duty except upon
17 specific findings related to the application to support a determination that a lesser amount is
18 needed. If the applicant does not provide information to demonstrate the need for a flow rate and
19 duty higher than the general basin-wide standard, the department may apply the general standards
20 without specific findings related to the application.

21 (5) The department shall mail copies of the proposed final order to the applicant and to persons
22 who have requested copies and paid the fee required under ORS 536.050 (1)(p). The department also
23 shall publish notice of the proposed final order by publication in the weekly notice published by the
24 department.

25 (6) Any person who supports a proposed final order may request standing for purposes of par-
26 ticipating in any contested case proceeding on the proposed final order or for judicial review of a
27 final order. A request for standing shall be in writing and shall be accompanied by the fee estab-
28 lished under ORS 536.050 (1)(n).

29 (7) Any person may submit a protest against a proposed final order. A protest shall be in writing
30 and shall include:

31 (a) The name, address and telephone number of the protestant;

32 (b) A description of the protestant's interest in the proposed final order, and if the protestant
33 claims to represent the public interest, a precise statement of the public interest represented;

34 (c) A detailed description of how the action proposed in the proposed final order would impair
35 or be detrimental to the protestant's interest;

36 (d) A detailed description of how the proposed final order is in error or deficient and how to
37 correct the alleged error or deficiency;
