CHAPTER

AN ACT

Relating to public utilities; creating new provisions; and amending ORS 757.061, 757.105 and 757.135.

Be It Enacted by the People of the State of Oregon:

BUDGET FILINGS

SECTION 1. ORS 757.105 is amended to read:

757.105. (1) The Public Utility Commission has the right and power of regulation, restriction and control over the budgets of expenditures of public utilities, as to all items covering:

- (a) Proposed payment of salaries of executive officers;
- (b) Donations;
- (c) Political contributions and political advertising;
- (d) Expenditures for pensions or for a trust to provide pensions for employees and officers;
- (e) Other expenditures and major contracts for the sale or purchase of equipment; and
- (f) Any payment or contemplated payment to any person or corporation having an affiliated interest for service, advice, auditing, associating, sponsoring, engineering, managing, operating, financing, legal or other services.

(2) On or before [*November 1 of each year*] **a date prescribed by the commission by rule**, each public utility shall prepare a budget showing the amount of money which, in its judgment, shall be needed during the ensuing year for covering all such activities and expenditures, and file it with the commission.

(3) When any such budget has been filed with the commission, the commission shall examine into and investigate the same and unless rejected within 60 days thereafter, the proposed budget is presumptively fair and reasonable and not contrary to public interest.

(4) Proposed expenditures for pensions or for a trust to provide pensions for the employees and officers of such utility whether for future service or past service or both, shall be recognized as an operating expense if the trust fund is irrevocably committed to the payment of pensions or benefits to employees and if such pensions are reasonable and nondiscriminatory. The commission may disallow as an operating expense any expenditure for pension purposes in excess of the amount necessary and proper to maintain an actuarially sound retirement plan for the employees of the utility in Oregon.

SECTION 2. ORS 757.135 is amended to read:

757.135. (1) Except as provided in subsection (2) of this section, the accounts required under ORS 757.120 and 757.125 shall be closed annually on December 31 and a balance sheet of that date

promptly taken therefrom. On or before [April 1 following] a date prescribed by the Public Utility Commission by rule, such balance sheet, together with such other information as the [Public Utility] commission shall prescribe, verified by an officer of the public utility, shall be filed with the commission.

(2) If a public utility maintains its accounts and records on a fiscal year basis, the accounts required by ORS 757.120 and 757.125 shall be closed annually on the last day of the fiscal year and a balance sheet shall be promptly taken from those accounts. On or before the first day of the fourth month following the end of the public utility's fiscal year, the balance sheet together with such information as the commission shall prescribe must be verified by an officer of the public utility and filed with the commission. The commission may require that a public utility filing information at the time specified in this subsection also file with the commission on a calendar year basis such additional information as may be prescribed by the commission.

(3) The commission may examine and audit any account. Items shall be allocated to the accounts in the manner prescribed by the commission.

SECTION 3. The amendments to ORS 757.105 and 757.135 by sections 1 and 2 of this 2013 Act apply to budgets and balance sheet information required for fiscal years or calendar years ending on or after the effective date of this 2013 Act.
