6 to read:

7 215.213. (1) In counties that have adopted marginal lands provisions under ORS 197.247 (1991
8 Edition), the following uses may be established in any area zoned for exclusive farm use:

10 (b) The propagation or harvesting of a forest product.

11 (c) Utility facilities necessary for public service, including wetland waste treatment systems but
12 not including commercial facilities for the purpose of generating electrical power for public use by
13 sale or transmission towers over 200 feet in height. A utility facility necessary for public service
14 may be established as provided in ORS 215.275.

16 farm operator or the farm operator's spouse, which means a child, parent, stepparent, grandchild,
17 grandparent, stepgrandparent, sibling, stepsibling, niece, nephew or first cousin of either, if the farm
18 operator does or will require the assistance of the relative in the management of the farm use and
19 the dwelling is located on the same lot or parcel as the dwelling of the farm operator.
20 Notwithstanding ORS 92.010 to 92.192 or the minimum lot or parcel size requirements under ORS
21 215.780, if the owner of a dwelling described in this paragraph obtains construction financing or
22 other financing secured by the dwelling and the secured party forecloses on the dwelling, the se-

24 shall operate as a partition of the homesite to create a new parcel.

25 (e) Nonresidential buildings customarily provided in conjunction with farm use.

26 (f) Subject to ORS 215.279, primary or accessory dwellings customarily provided in conjunction
27 with farm use. For a primary dwelling, the dwelling must be on a lot or parcel that is managed as

New sections are in **boldfaced** type.

1 compressors, separators and other customary production equipment for an individual well adjacent

 3 an exception under ORS 197.732 (2)(a) or (b).

4 (h) Operations for the exploration for minerals as defined by ORS 517.750. Any activities or
 5 construction relating to such operations shall not be a basis for an exception under ORS 197.732
 6 (2)(a) or (b).

7 (i) One manufactured dwelling or recreational vehicle, or the temporary residential use of an
 8 existing building, in conjunction with an existing dwelling as a temporary use for the term of a
 9 hardship suffered by the existing resident or a relative of the resident. Within three months of the
 10 end of the hardship, the manufactured dwelling or recreational vehicle shall be removed or demol-
 11 ished or, in the case of an existing building, the building shall be removed, demolished or returned
 12 to an allowed nonresidential use. The governing body or its designee shall provide for periodic re-
 13 view of the hardship claimed under this paragraph. A temporary residence approved under this
 14 paragraph is not eligible for replacement under paragraph (q) of this subsection.

16 (k) Reconstruction or modification of public roads and highways, including the placement of
 17 utility facilities overhead and in the subsurface of public roads and highways along the public right
 18 of way, but not including the addition of travel lanes, where no removal or displacement of buildings

20 (L) Temporary public road and highway detours that will be abandoned and restored to original
 21 condition or use at such time as no longer needed.

22 (m) Minor betterment of existing public road and highway related facilities, such as maintenance
 23 yards, weigh stations and rest areas, within right of way existing as of July 1, 1987, and contiguous
 24 public-owned property utilized to support the operation and maintenance of public roads and high-
 25 ways.

35 (D) Has a heating system; and

36 (E) In the case of replacement:

37 (i) Is removed, demolished or converted to an allowable nonresidential use within three months
 38 of the completion of the replacement dwelling. A replacement dwelling may be sited on any part of
 39 the same lot or parcel. A dwelling established under this paragraph shall comply with all applicable
 40 siting standards. However, the standards shall not be applied in a manner that prohibits the siting
 41 of the dwelling. If the dwelling to be replaced is located on a portion of the lot or parcel not zoned
 42 for exclusive farm use, the applicant, as a condition of approval, shall execute and record in the
 43 deed records for the county where the property is located a deed restriction prohibiting the siting
 44 of a dwelling on that portion of the lot or parcel. The restriction imposed shall be irrevocable unless
 45 a statement of release is placed in the deed records for the county. The release shall be signed by

 2 dwellings have changed to allow the siting of another dwelling. The county planning director or the
 3 director's designee shall maintain a record of the lots and parcels that do not qualify for the siting
 4 of a new dwelling under the provisions of this paragraph, including a copy of the deed restrictions
 5 and release statements filed under this paragraph; and

6 (ii) For which the applicant has requested a deferred replacement permit, is removed or demol-
 7 ished within three months after the deferred replacement permit is issued. A deferred replacement
 8 permit allows construction of the replacement dwelling at any time. If, however, the established
 9 dwelling is not removed or demolished within three months after the deferred replacement permit
 10 is issued, the permit becomes void. The replacement dwelling must comply with applicable building
 11 codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to
 12 siting at the time of construction. A deferred replacement permit may not be transferred, by sale
 13 or otherwise, except by the applicant to the spouse or a child of the applicant.

14 (r) Farm stands if:

15 (A) The structures are designed and used for the sale of farm crops or livestock grown on the
 16 farm operation, or grown on the farm operation and other farm operations in the local agricultural
 17 area, including the sale of retail incidental items and fee-based activity to promote the sale of farm
 18 crops or livestock sold at the farm stand if the annual sale of incidental items and fees from pro-
 19 motional activity do not make up more than 25 percent of the total annual sales of the farm stand;
 20 and

21 (B) The farm stand does not include structures designed for occupancy as a residence or for
 22 activity other than the sale of farm crops or livestock and does not include structures for banquets,

 29 area or placed on a permanent foundation unless the building or facility preexisted the use approved
 30 under this paragraph. The site shall not include an aggregate surface or hard surface area unless
 31 the surface preexisted the use approved under this paragraph. An owner of property used for the
 32 purpose authorized in this paragraph may charge a person operating the use on the property rent
 33 for the property. An operator may charge users of the property a fee that does not exceed the
 34 operator's cost to maintain the property, buildings and facilities. As used in this paragraph, "model
 35 aircraft" means a small-scale version of an airplane, glider, helicopter, dirigible or balloon that is
 36 used or intended to be used for flight and is controlled by radio, lines or design by a person on the
 37 ground.

38 (u) A facility for the processing of farm crops, or the production of biofuel as defined in ORS
 39 315.141, that is located on a farm operation that provides at least one-quarter of the farm crops

 41 square feet of floor area exclusive of the floor area designated for preparation, storage or other farm
 42 use or devote more than 10,000 square feet to the processing activities within another building

 3 of the governing body or its designee in any area zoned for exclusive farm use upon written findings
 4 showing all of the following:

5 (a) The dwelling or activities associated with the dwelling will not force a significant change in
 6 or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use.

7 (b) The dwelling is situated upon generally unsuitable land for the production of farm crops and
 8 livestock, considering the terrain, adverse soil or land conditions, drainage and flooding, location
 9 and size of the tract. A lot or parcel shall not be considered unsuitable solely because of its size
 10 or location if it can reasonably be put to farm use in conjunction with other land.

11 (c) Complies with such other conditions as the governing body or its designee considers neces-
 12 sary.

13 (4) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition),

 18 or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use;

19 (b) If the lot or parcel is located within the Willamette River Greenway, a floodplain or a
 20 geological hazard area, the dwelling complies with conditions imposed by local ordinances relating
 21 specifically to the Willamette River Greenway, floodplains or geological hazard areas, whichever is
 22 applicable; and

23 (c) The dwelling complies with other conditions considered necessary by the governing body or

 28 tablished; and

29 (b) Persons who have requested notice of such applications and who have paid a reasonable fee
 30 imposed by the county to cover the cost of such notice.

31 (6) The notice required in subsection (5) of this section shall specify that persons have 15 days
 32 following the date of postmark of the notice to file a written objection on the grounds only that the
 33 dwelling or activities associated with it would force a significant change in or significantly increase
 34 the cost of accepted farming practices on nearby lands devoted to farm use. If no objection is re-
 35 ceived, the governing body or its designee shall approve or disapprove the application. If an ob-
 36 jection is received, the governing body shall set the matter for hearing in the manner prescribed in
 37 ORS 215.402 to 215.438. The governing body may charge the reasonable costs of the notice required
 38 by subsection (5)(a) of this section to the applicant for the permit requested under subsection (4) of

43 (A) A lot or parcel described in this section is contiguous to one or more lots or parcels de-
 44 scribed in this section; and

45 (B) On July 1, 1983, greater than possessory interests are held in those contiguous lots, parcels

1 or lots and parcels by the same person, spouses or a single partnership or business entity, separately

 4 but not limited to, lots, parcels or lots and parcels separated only by a public road.

5 (8) A person who sells or otherwise transfers real property in an exclusive farm use zone may
 6 retain a life estate in a dwelling on that property and in a tract of land under and around the
 7 dwelling.

8 (9) No final approval of a nonfarm use under this section shall be given unless any additional
 9 taxes imposed upon the change in use have been paid.

10 (10) Roads, highways and other transportation facilities and improvements not allowed under
 11 subsections (1) and (2) of this section may be established, subject to the approval of the governing
 12 body or its designee, in areas zoned for exclusive farm use subject to:

13 (a) Adoption of an exception to the goal related to agricultural lands and to any other applicable
 14 goal with which the facility or improvement does not comply; or

15 (b) ORS 215.296 for those uses identified by rule of the Land Conservation and Development
 16 Commission as provided in section 3, chapter 529, Oregon Laws 1993.

17 (11) The following agri-tourism and other commercial events or activities that are related to and
 18 supportive of agriculture may be established in any area zoned for exclusive farm use:

19 (a) A county may authorize a single agri-tourism or other commercial event or activity on a
 20 tract in a calendar year by an authorization that is personal to the applicant and is not transferred
 21 by, or transferable with, a conveyance of the tract, if the agri-tourism or other commercial event
 22 or activity meets any local standards that apply and:

23 (A) The agri-tourism or other commercial event or activity is incidental and subordinate to ex-
 24 isting farm use on the tract;

25 (B) The duration of the agri-tourism or other commercial event or activity does not exceed 72
 26 consecutive hours;

27 (C) The maximum attendance at the agri-tourism or other commercial event or activity does not

 30 commercial event or activity does not exceed 250 vehicles;

31 (E) The agri-tourism or other commercial event or activity complies with ORS 215.296;

32 (F) The agri-tourism or other commercial event or activity occurs outdoors, in temporary
 33 structures, or in existing permitted structures, subject to health and fire and life safety require-
 34 ments; and

35 (G) The agri-tourism or other commercial event or activity complies with conditions established
 36 for:

37 (i) Planned hours of operation;

 44 tivity on a tract in a calendar year by an expedited, single-event license that is personal to the ap-
 45 plicant and is not transferred by, or transferable with, a conveyance of the tract. A decision

1 concerning an expedited, single-event license is not a land use decision, as defined in ORS 197.015.
 2 To approve an expedited, single-event license, the governing body of a county or its designee must
 3 determine that the proposed agri-tourism or other commercial event or activity meets any local
 4 standards that apply, and the agri-tourism or other commercial event or activity:

5 (A) Must be incidental and subordinate to existing farm use on the tract;

6 (B) May not begin before 6 a.m. or end after 10 p.m.;

7 (C) May not involve more than 100 attendees or 50 vehicles;

8 (D) May not include the artificial amplification of music or voices before 8 a.m. or after 8 p.m.;

 16 is issued, the permit becomes void. The replacement dwelling must comply with applicable building
 17 codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to
