

Enrolled
House Bill 2704

Sponsored by Representative SMITH

CHAPTER

AN ACT

Relating to transmission lines; creating new provisions; and amending ORS 215.213, 215.246, 215.275, 215.276 and 215.283.

Be It Enacted by the People of the State of Oregon:

SECTION 1. Section 2 of this 2013 Act is added to and made a part of ORS chapter 215.

SECTION 2. (1) As used in this section, “associated transmission line” has the meaning given that term in ORS 469.300.

(2) An associated transmission line is necessary for public service if an applicant for approval under ORS 215.213 (1)(c)(B) or 215.283 (1)(c)(B) demonstrates to the governing body of a county or its designee that the associated transmission line meets:

- (a) At least one of the requirements listed in subsection (3) of this section; or**
- (b) The requirements described in subsection (4) of this section.**

(3) The governing body of a county or its designee shall approve an application under this section if an applicant demonstrates that the entire route of the associated transmission line meets at least one of the following requirements:

- (a) The associated transmission line is not located on high-value farmland, as defined in ORS 195.300, or on arable land;**
- (b) The associated transmission line is co-located with an existing transmission line;**
- (c) The associated transmission line parallels an existing transmission line corridor with the minimum separation necessary for safety; or**
- (d) The associated transmission line is located within an existing right of way for a linear facility, such as a transmission line, road or railroad, that is located above the surface of the ground.**

(4)(a) Except as provided in subsection (3) of this section, the governing body of a county or its designee shall approve an application under this section if, after an evaluation of reasonable alternatives, the applicant demonstrates that the entire route of the associated transmission line meets, subject to paragraphs (b) and (c) of this subsection, two or more of the following factors:

- (A) Technical and engineering feasibility;**
- (B) The associated transmission line is locationally dependent because the associated transmission line must cross high-value farmland, as defined in ORS 195.300, or arable land to achieve a reasonably direct route or to meet unique geographical needs that cannot be satisfied on other lands;**
- (C) Lack of an available existing right of way for a linear facility, such as a transmission line, road or railroad, that is located above the surface of the ground;**

- (D) Public health and safety; or
- (E) Other requirements of state or federal agencies.

(b) The applicant shall present findings to the governing body of the county or its designee on how the applicant will mitigate and minimize the impacts, if any, of the associated transmission line on surrounding lands devoted to farm use in order to prevent a significant change in accepted farm practices or a significant increase in the cost of farm practices on the surrounding farmland.

(c) The governing body of a county or its designee may consider costs associated with any of the factors listed in paragraph (a) of this subsection, but consideration of cost may not be the only consideration in determining whether the associated transmission line is necessary for public service.

SECTION 3. ORS 215.213, as amended by section 2, chapter 74, Oregon Laws 2012, is amended to read:

215.213. (1) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), the following uses may be established in any area zoned for exclusive farm use:

- (a) Churches and cemeteries in conjunction with churches.
- (b) The propagation or harvesting of a forest product.
- (c) Utility facilities necessary for public service, including wetland waste treatment systems but not including commercial facilities for the purpose of generating electrical power for public use by sale or transmission towers over 200 feet in height. A utility facility necessary for public service may be established as provided in:

(A) ORS 215.275[.]; or

(B) If the utility facility is an associated transmission line, as defined in ORS 469.300, section 2 of this 2013 Act.

(d) A dwelling on real property used for farm use if the dwelling is occupied by a relative of the farm operator or the farm operator's spouse, which means a child, parent, stepparent, grandchild, grandparent, stepgrandparent, sibling, stepsibling, niece, nephew or first cousin of either, if the farm operator does or will require the assistance of the relative in the management of the farm use and the dwelling is located on the same lot or parcel as the dwelling of the farm operator. Notwithstanding ORS 92.010 to 92.192 or the minimum lot or parcel size requirements under ORS 215.780, if the owner of a dwelling described in this paragraph obtains construction financing or other financing secured by the dwelling and the secured party forecloses on the dwelling, the secured party may also foreclose on the homesite, as defined in ORS 308A.250, and the foreclosure shall operate as a partition of the homesite to create a new parcel.

(e) Nonresidential buildings customarily provided in conjunction with farm use.

(f) Subject to ORS 215.279, primary or accessory dwellings customarily provided in conjunction with farm use. For a primary dwelling, the dwelling must be on a lot or parcel that is managed as part of a farm operation and is not smaller than the minimum lot size in a farm zone with a minimum lot size acknowledged under ORS 197.251.

(g) Operations for the exploration for and production of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005, including the placement and operation of compressors, separators and other customary production equipment for an individual well adjacent to the wellhead. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(h) Operations for the exploration for minerals as defined by ORS 517.750. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(i) One manufactured dwelling or recreational vehicle, or the temporary residential use of an existing building, in conjunction with an existing dwelling as a temporary use for the term of a hardship suffered by the existing resident or a relative of the resident. Within three months of the end of the hardship, the manufactured dwelling or recreational vehicle shall be removed or demolished or, in the case of an existing building, the building shall be removed, demolished or returned

to an allowed nonresidential use. The governing body or its designee shall provide for periodic review of the hardship claimed under this paragraph. A temporary residence approved under this paragraph is not eligible for replacement under paragraph (q) of this subsection.

(j) Climbing and passing lanes within the right of way existing as of July 1, 1987.

(k) Reconstruction or modification of public roads and highways, including the placement of utility facilities overhead and in the subsurface of public roads and highways along the public right of way, but not including the addition of travel lanes, where no removal or displacement of buildings would occur, or no new land parcels result.

(L) Temporary public road and highway detours that will be abandoned and restored to original condition or use at such time as no longer needed.

(m) Minor betterment of existing public road and highway related facilities, such as maintenance yards, weigh stations and rest areas, within right of way existing as of July 1, 1987, and contiguous public-owned property utilized to support the operation and maintenance of public roads and highways.

(n) A replacement dwelling to be used in conjunction with farm use if the existing dwelling has been listed in a county inventory as historic property as defined in ORS 358.480.

(o) Creation, restoration or enhancement of wetlands.

(p) A winery, as described in ORS 215.452 or 215.453.

(q) Alteration, restoration or replacement of a lawfully established dwelling that:

(A) Has intact exterior walls and roof structure;

(B) Has indoor plumbing consisting of a kitchen sink, toilet and bathing facilities connected to a sanitary waste disposal system;

(C) Has interior wiring for interior lights;

(D) Has a heating system; and

(E) In the case of replacement:

(i) Is removed, demolished or converted to an allowable nonresidential use within three months of the completion of the replacement dwelling. A replacement dwelling may be sited on any part of the same lot or parcel. A dwelling established under this paragraph shall comply with all applicable siting standards. However, the standards shall not be applied in a manner that prohibits the siting of the dwelling. If the dwelling to be replaced is located on a portion of the lot or parcel not zoned for exclusive farm use, the applicant, as a condition of approval, shall execute and record in the deed records for the county where the property is located a deed restriction prohibiting the siting of a dwelling on that portion of the lot or parcel. The restriction imposed shall be irrevocable unless a statement of release is placed in the deed records for the county. The release shall be signed by the county or its designee and state that the provisions of this paragraph regarding replacement dwellings have changed to allow the siting of another dwelling. The county planning director or the director's designee shall maintain a record of the lots and parcels that do not qualify for the siting of a new dwelling under the provisions of this paragraph, including a copy of the deed restrictions and release statements filed under this paragraph; and

(ii) For which the applicant has requested a deferred replacement permit, is removed or demolished within three months after the deferred replacement permit is issued. A deferred replacement permit allows construction of the replacement dwelling at any time. If, however, the established dwelling is not removed or demolished within three months after the deferred replacement permit is issued, the permit becomes void. The replacement dwelling must comply with applicable building codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to siting at the time of construction. A deferred replacement permit may not be transferred, by sale or otherwise, except by the applicant to the spouse or a child of the applicant.

(r) Farm stands if:

(A) The structures are designed and used for the sale of farm crops or livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area, including the sale of retail incidental items and fee-based activity to promote the sale of farm crops or livestock sold at the farm stand if the annual sale of incidental items and fees from pro-

motional activity do not make up more than 25 percent of the total annual sales of the farm stand; and

(B) The farm stand does not include structures designed for occupancy as a residence or for activity other than the sale of farm crops or livestock and does not include structures for banquets, public gatherings or public entertainment.

(s) An armed forces reserve center, if the center is within one-half mile of a community college. For purposes of this paragraph, "armed forces reserve center" includes an armory or National Guard support facility.

(t) A site for the takeoff and landing of model aircraft, including such buildings or facilities as may reasonably be necessary. Buildings or facilities shall not be more than 500 square feet in floor area or placed on a permanent foundation unless the building or facility preexisted the use approved under this paragraph. The site shall not include an aggregate surface or hard surface area unless the surface preexisted the use approved under this paragraph. An owner of property used for the purpose authorized in this paragraph may charge a person operating the use on the property rent for the property. An operator may charge users of the property a fee that does not exceed the operator's cost to maintain the property, buildings and facilities. As used in this paragraph, "model aircraft" means a small-scale version of an airplane, glider, helicopter, dirigible or balloon that is used or intended to be used for flight and is controlled by radio, lines or design by a person on the ground.

(u) A facility for the processing of farm crops, or the production of biofuel as defined in ORS 315.141, that is located on a farm operation that provides at least one-quarter of the farm crops processed at the facility. The building established for the processing facility shall not exceed 10,000 square feet of floor area exclusive of the floor area designated for preparation, storage or other farm use or devote more than 10,000 square feet to the processing activities within another building supporting farm uses. A processing facility shall comply with all applicable siting standards but the standards shall not be applied in a manner that prohibits the siting of the processing facility.

(v) Fire service facilities providing rural fire protection services.

(w) Irrigation reservoirs, canals, delivery lines and those structures and accessory operational facilities, not including parks or other recreational structures and facilities, associated with a district as defined in ORS 540.505.

(x) Utility facility service lines. Utility facility service lines are utility lines and accessory facilities or structures that end at the point where the utility service is received by the customer and that are located on one or more of the following:

(A) A public right of way;

(B) Land immediately adjacent to a public right of way, provided the written consent of all adjacent property owners has been obtained; or

(C) The property to be served by the utility.

(y) Subject to the issuance of a license, permit or other approval by the Department of Environmental Quality under ORS 454.695, 459.205, 468B.050, 468B.053 or 468B.055, or in compliance with rules adopted under ORS 468B.095, and as provided in ORS 215.246 to 215.251, the land application of reclaimed water, agricultural or industrial process water or biosolids for agricultural, horticultural or silvicultural production, or for irrigation in connection with a use allowed in an exclusive farm use zone under this chapter.

(z) Dog training classes or testing trials, which may be conducted outdoors or in preexisting farm buildings, when:

(A) The number of dogs participating in training does not exceed 10 dogs per training class and the number of training classes to be held on-site does not exceed six per day; and

(B) The number of dogs participating in a testing trial does not exceed 60 and the number of testing trials to be conducted on-site is limited to four or fewer trials per calendar year.

(2) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), the following uses may be established in any area zoned for exclusive farm use subject to ORS 215.296:

(a) A primary dwelling in conjunction with farm use or the propagation or harvesting of a forest product on a lot or parcel that is managed as part of a farm operation or woodlot if the farm operation or woodlot:

(A) Consists of 20 or more acres; and

(B) Is not smaller than the average farm or woodlot in the county producing at least \$2,500 in annual gross income from the crops, livestock or forest products to be raised on the farm operation or woodlot.

(b) A primary dwelling in conjunction with farm use or the propagation or harvesting of a forest product on a lot or parcel that is managed as part of a farm operation or woodlot smaller than required under paragraph (a) of this subsection, if the lot or parcel:

(A) Has produced at least \$20,000 in annual gross farm income in two consecutive calendar years out of the three calendar years before the year in which the application for the dwelling was made or is planted in perennials capable of producing upon harvest an average of at least \$20,000 in annual gross farm income; or

(B) Is a woodlot capable of producing an average over the growth cycle of \$20,000 in gross annual income.

(c) Commercial activities that are in conjunction with farm use, including the processing of farm crops into biofuel not permitted under ORS 215.203 (2)(b)(K) or subsection (1)(u) of this section.

(d) Operations conducted for:

(A) Mining and processing of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005, not otherwise permitted under subsection (1)(g) of this section;

(B) Mining, crushing or stockpiling of aggregate and other mineral and other subsurface resources subject to ORS 215.298;

(C) Processing, as defined by ORS 517.750, of aggregate into asphalt or portland cement; and

(D) Processing of other mineral resources and other subsurface resources.

(e) Community centers owned by a governmental agency or a nonprofit community organization and operated primarily by and for residents of the local rural community, hunting and fishing preserves, public and private parks, playgrounds and campgrounds. Subject to the approval of the county governing body or its designee, a private campground may provide yurts for overnight camping. No more than one-third or a maximum of 10 campsites, whichever is smaller, may include a yurt. The yurt shall be located on the ground or on a wood floor with no permanent foundation. Upon request of a county governing body, the Land Conservation and Development Commission may provide by rule for an increase in the number of yurts allowed on all or a portion of the campgrounds in a county if the commission determines that the increase will comply with the standards described in ORS 215.296 (1). A public park or campground may be established as provided under ORS 195.120. As used in this paragraph, "yurt" means a round, domed shelter of cloth or canvas on a collapsible frame with no plumbing, sewage disposal hookup or internal cooking appliance.

(f) Golf courses on land determined not to be high-value farmland as defined in ORS 195.300.

(g) Commercial utility facilities for the purpose of generating power for public use by sale.

(h) Personal-use airports for airplanes and helicopter pads, including associated hangar, maintenance and service facilities. A personal-use airport as used in this section means an airstrip restricted, except for aircraft emergencies, to use by the owner, and, on an infrequent and occasional basis, by invited guests, and by commercial aviation activities in connection with agricultural operations. No aircraft may be based on a personal-use airport other than those owned or controlled by the owner of the airstrip. Exceptions to the activities permitted under this definition may be granted through waiver action by the Oregon Department of Aviation in specific instances. A personal-use airport lawfully existing as of September 13, 1975, shall continue to be permitted subject to any applicable rules of the Oregon Department of Aviation.

(i) A facility for the primary processing of forest products, provided that such facility is found to not seriously interfere with accepted farming practices and is compatible with farm uses described in ORS 215.203 (2). Such a facility may be approved for a one-year period which is

renewable. These facilities are intended to be only portable or temporary in nature. The primary processing of a forest product, as used in this section, means the use of a portable chipper or stud mill or other similar methods of initial treatment of a forest product in order to enable its shipment to market. Forest products, as used in this section, means timber grown upon a parcel of land or contiguous land where the primary processing facility is located.

(j) A site for the disposal of solid waste approved by the governing body of a city or county or both and for which a permit has been granted under ORS 459.245 by the Department of Environmental Quality together with equipment, facilities or buildings necessary for its operation.

(k)(A) Commercial dog boarding kennels; or

(B) Dog training classes or testing trials that cannot be established under subsection (1)(z) of this section.

(L) Residential homes as defined in ORS 197.660, in existing dwellings.

(m) The propagation, cultivation, maintenance and harvesting of aquatic species that are not under the jurisdiction of the State Fish and Wildlife Commission or insect species. Insect species shall not include any species under quarantine by the State Department of Agriculture or the United States Department of Agriculture. The county shall provide notice of all applications under this paragraph to the State Department of Agriculture. Notice shall be provided in accordance with the county's land use regulations but shall be mailed at least 20 calendar days prior to any administrative decision or initial public hearing on the application.

(n) Home occupations as provided in ORS 215.448.

(o) Transmission towers over 200 feet in height.

(p) Construction of additional passing and travel lanes requiring the acquisition of right of way but not resulting in the creation of new land parcels.

(q) Reconstruction or modification of public roads and highways involving the removal or displacement of buildings but not resulting in the creation of new land parcels.

(r) Improvement of public road and highway related facilities such as maintenance yards, weigh stations and rest areas, where additional property or right of way is required but not resulting in the creation of new land parcels.

(s) A destination resort that is approved consistent with the requirements of any statewide planning goal relating to the siting of a destination resort.

(t) Room and board arrangements for a maximum of five unrelated persons in existing residences.

(u) A living history museum related to resource based activities owned and operated by a governmental agency or a local historical society, together with limited commercial activities and facilities that are directly related to the use and enjoyment of the museum and located within authentic buildings of the depicted historic period or the museum administration building, if areas other than an exclusive farm use zone cannot accommodate the museum and related activities or if the museum administration buildings and parking lot are located within one quarter mile of the metropolitan urban growth boundary. As used in this paragraph:

(A) "Living history museum" means a facility designed to depict and interpret everyday life and culture of some specific historic period using authentic buildings, tools, equipment and people to simulate past activities and events; and

(B) "Local historical society" means the local historical society, recognized as such by the county governing body and organized under ORS chapter 65.

(v) Operations for the extraction and bottling of water.

(w) An aerial fireworks display business that has been in continuous operation at its current location within an exclusive farm use zone since December 31, 1986, and possesses a wholesaler's permit to sell or provide fireworks.

(x) A landscape contracting business, as defined in ORS 671.520, or a business providing landscape architecture services, as described in ORS 671.318, if the business is pursued in conjunction with the growing and marketing of nursery stock on the land that constitutes farm use.

(y) Public or private schools for kindergarten through grade 12, including all buildings essential to the operation of a school, primarily for residents of the rural area in which the school is located.

(3) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), a single-family residential dwelling not provided in conjunction with farm use may be established on a lot or parcel with soils predominantly in capability classes IV through VIII as determined by the Agricultural Capability Classification System in use by the United States Department of Agriculture Soil Conservation Service on October 15, 1983. A proposed dwelling is subject to approval of the governing body or its designee in any area zoned for exclusive farm use upon written findings showing all of the following:

(a) The dwelling or activities associated with the dwelling will not force a significant change in or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use.

(b) The dwelling is situated upon generally unsuitable land for the production of farm crops and livestock, considering the terrain, adverse soil or land conditions, drainage and flooding, location and size of the tract. A lot or parcel shall not be considered unsuitable solely because of its size or location if it can reasonably be put to farm use in conjunction with other land.

(c) Complies with such other conditions as the governing body or its designee considers necessary.

(4) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), one single-family dwelling, not provided in conjunction with farm use, may be established in any area zoned for exclusive farm use on a lot or parcel described in subsection (7) of this section that is not larger than three acres upon written findings showing:

(a) The dwelling or activities associated with the dwelling will not force a significant change in or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use;

(b) If the lot or parcel is located within the Willamette River Greenway, a floodplain or a geological hazard area, the dwelling complies with conditions imposed by local ordinances relating specifically to the Willamette River Greenway, floodplains or geological hazard areas, whichever is applicable; and

(c) The dwelling complies with other conditions considered necessary by the governing body or its designee.

(5) Upon receipt of an application for a permit under subsection (4) of this section, the governing body shall notify:

(a) Owners of land that is within 250 feet of the lot or parcel on which the dwelling will be established; and

(b) Persons who have requested notice of such applications and who have paid a reasonable fee imposed by the county to cover the cost of such notice.

(6) The notice required in subsection (5) of this section shall specify that persons have 15 days following the date of postmark of the notice to file a written objection on the grounds only that the dwelling or activities associated with it would force a significant change in or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use. If no objection is received, the governing body or its designee shall approve or disapprove the application. If an objection is received, the governing body shall set the matter for hearing in the manner prescribed in ORS 215.402 to 215.438. The governing body may charge the reasonable costs of the notice required by subsection (5)(a) of this section to the applicant for the permit requested under subsection (4) of this section.

(7) Subsection (4) of this section applies to a lot or parcel lawfully created between January 1, 1948, and July 1, 1983. For the purposes of this section:

(a) Only one lot or parcel exists if:

(A) A lot or parcel described in this section is contiguous to one or more lots or parcels described in this section; and

(B) On July 1, 1983, greater than possessory interests are held in those contiguous lots, parcels or lots and parcels by the same person, spouses or a single partnership or business entity, separately or in tenancy in common.

(b) "Contiguous" means lots, parcels or lots and parcels that have a common boundary, including but not limited to, lots, parcels or lots and parcels separated only by a public road.

(8) A person who sells or otherwise transfers real property in an exclusive farm use zone may retain a life estate in a dwelling on that property and in a tract of land under and around the dwelling.

(9) No final approval of a nonfarm use under this section shall be given unless any additional taxes imposed upon the change in use have been paid.

(10) Roads, highways and other transportation facilities and improvements not allowed under subsections (1) and (2) of this section may be established, subject to the approval of the governing body or its designee, in areas zoned for exclusive farm use subject to:

(a) Adoption of an exception to the goal related to agricultural lands and to any other applicable goal with which the facility or improvement does not comply; or

(b) ORS 215.296 for those uses identified by rule of the Land Conservation and Development Commission as provided in section 3, chapter 529, Oregon Laws 1993.

(11) The following agri-tourism and other commercial events or activities that are related to and supportive of agriculture may be established in any area zoned for exclusive farm use:

(a) A county may authorize a single agri-tourism or other commercial event or activity on a tract in a calendar year by an authorization that is personal to the applicant and is not transferred by, or transferable with, a conveyance of the tract, if the agri-tourism or other commercial event or activity meets any local standards that apply and:

(A) The agri-tourism or other commercial event or activity is incidental and subordinate to existing farm use on the tract;

(B) The duration of the agri-tourism or other commercial event or activity does not exceed 72 consecutive hours;

(C) The maximum attendance at the agri-tourism or other commercial event or activity does not exceed 500 people;

(D) The maximum number of motor vehicles parked at the site of the agri-tourism or other commercial event or activity does not exceed 250 vehicles;

(E) The agri-tourism or other commercial event or activity complies with ORS 215.296;

(F) The agri-tourism or other commercial event or activity occurs outdoors, in temporary structures, or in existing permitted structures, subject to health and fire and life safety requirements; and

(G) The agri-tourism or other commercial event or activity complies with conditions established for:

(i) Planned hours of operation;

(ii) Access, egress and parking;

(iii) A traffic management plan that identifies the projected number of vehicles and any anticipated use of public roads; and

(iv) Sanitation and solid waste.

(b) In the alternative to paragraphs (a) and (c) of this subsection, a county may authorize, through an expedited, single-event license, a single agri-tourism or other commercial event or activity on a tract in a calendar year by an expedited, single-event license that is personal to the applicant and is not transferred by, or transferable with, a conveyance of the tract. A decision concerning an expedited, single-event license is not a land use decision, as defined in ORS 197.015. To approve an expedited, single-event license, the governing body of a county or its designee must determine that the proposed agri-tourism or other commercial event or activity meets any local standards that apply, and the agri-tourism or other commercial event or activity:

(A) Must be incidental and subordinate to existing farm use on the tract;

(B) May not begin before 6 a.m. or end after 10 p.m.;

(C) May not involve more than 100 attendees or 50 vehicles;

(D) May not include the artificial amplification of music or voices before 8 a.m. or after 8 p.m.;

(E) May not require or involve the construction or use of a new permanent structure in connection with the agri-tourism or other commercial event or activity;

(F) Must be located on a tract of at least 10 acres unless the owners or residents of adjoining properties consent, in writing, to the location; and

(G) Must comply with applicable health and fire and life safety requirements.

(c) In the alternative to paragraphs (a) and (b) of this subsection, a county may authorize up to six agri-tourism or other commercial events or activities on a tract in a calendar year by a limited use permit that is personal to the applicant and is not transferred by, or transferable with, a conveyance of the tract. The agri-tourism or other commercial events or activities must meet any local standards that apply, and the agri-tourism or other commercial events or activities:

(A) Must be incidental and subordinate to existing farm use on the tract;

(B) May not, individually, exceed a duration of 72 consecutive hours;

(C) May not require that a new permanent structure be built, used or occupied in connection with the agri-tourism or other commercial events or activities;

(D) Must comply with ORS 215.296;

(E) May not, in combination with other agri-tourism or other commercial events or activities authorized in the area, materially alter the stability of the land use pattern in the area; and

(F) Must comply with conditions established for:

(i) The types of agri-tourism or other commercial events or activities that are authorized during each calendar year, including the number and duration of the agri-tourism or other commercial events and activities, the anticipated daily attendance and the hours of operation;

(ii) The location of existing structures and the location of proposed temporary structures to be used in connection with the agri-tourism or other commercial events or activities;

(iii) The location of access and egress and parking facilities to be used in connection with the agri-tourism or other commercial events or activities;

(iv) Traffic management, including the projected number of vehicles and any anticipated use of public roads; and

(v) Sanitation and solid waste.

(d) In addition to paragraphs (a) to (c) of this subsection, a county may authorize agri-tourism or other commercial events or activities that occur more frequently or for a longer period or that do not otherwise comply with paragraphs (a) to (c) of this subsection if the agri-tourism or other commercial events or activities comply with any local standards that apply and the agri-tourism or other commercial events or activities:

(A) Are incidental and subordinate to existing commercial farm use of the tract and are necessary to support the commercial farm uses or the commercial agricultural enterprises in the area;

(B) Comply with the requirements of paragraph (c)(C), (D), (E) and (F) of this subsection;

(C) Occur on a lot or parcel that complies with the acknowledged minimum lot or parcel size; and

(D) Do not exceed 18 events or activities in a calendar year.

(12) A holder of a permit authorized by a county under subsection (11)(d) of this section must request review of the permit at four-year intervals. Upon receipt of a request for review, the county shall:

(a) Provide public notice and an opportunity for public comment as part of the review process; and

(b) Limit its review to events and activities authorized by the permit, conformance with conditions of approval required by the permit and the standards established by subsection (11)(d) of this section.

(13) For the purposes of subsection (11) of this section:

(a) A county may authorize the use of temporary structures established in connection with the agri-tourism or other commercial events or activities authorized under subsection (11) of this section. However, the temporary structures must be removed at the end of the agri-tourism or other event or activity. The county may not approve an alteration to the land in connection with an

agri-tourism or other commercial event or activity authorized under subsection (11) of this section, including, but not limited to, grading, filling or paving.

(b) The county may issue the limited use permits authorized by subsection (11)(c) of this section for two calendar years. When considering an application for renewal, the county shall ensure compliance with the provisions of subsection (11)(c) of this section, any local standards that apply and conditions that apply to the permit or to the agri-tourism or other commercial events or activities authorized by the permit.

(c) The authorizations provided by subsection (11) of this section are in addition to other authorizations that may be provided by law, except that “outdoor mass gathering” and “other gathering,” as those terms are used in ORS 197.015 (10)(d), do not include agri-tourism or other commercial events and activities.

SECTION 4. ORS 215.283, as amended by section 3, chapter 74, Oregon Laws 2012, is amended to read:

215.283. (1) The following uses may be established in any area zoned for exclusive farm use:

(a) Churches and cemeteries in conjunction with churches.

(b) The propagation or harvesting of a forest product.

(c) Utility facilities necessary for public service, including wetland waste treatment systems but not including commercial facilities for the purpose of generating electrical power for public use by sale or transmission towers over 200 feet in height. A utility facility necessary for public service may be established as provided in:

(A) ORS 215.275[.]; or

(B) If the utility facility is an associated transmission line, as defined in ORS 469.300, section 2 of this 2013 Act.

(d) A dwelling on real property used for farm use if the dwelling is occupied by a relative of the farm operator or the farm operator’s spouse, which means a child, parent, stepparent, grandchild, grandparent, stepgrandparent, sibling, stepsibling, niece, nephew or first cousin of either, if the farm operator does or will require the assistance of the relative in the management of the farm use and the dwelling is located on the same lot or parcel as the dwelling of the farm operator. Notwithstanding ORS 92.010 to 92.192 or the minimum lot or parcel size requirements under ORS 215.780, if the owner of a dwelling described in this paragraph obtains construction financing or other financing secured by the dwelling and the secured party forecloses on the dwelling, the secured party may also foreclose on the homesite, as defined in ORS 308A.250, and the foreclosure shall operate as a partition of the homesite to create a new parcel.

(e) Subject to ORS 215.279, primary or accessory dwellings and other buildings customarily provided in conjunction with farm use.

(f) Operations for the exploration for and production of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005, including the placement and operation of compressors, separators and other customary production equipment for an individual well adjacent to the wellhead. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(g) Operations for the exploration for minerals as defined by ORS 517.750. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(h) Climbing and passing lanes within the right of way existing as of July 1, 1987.

(i) Reconstruction or modification of public roads and highways, including the placement of utility facilities overhead and in the subsurface of public roads and highways along the public right of way, but not including the addition of travel lanes, where no removal or displacement of buildings would occur, or no new land parcels result.

(j) Temporary public road and highway detours that will be abandoned and restored to original condition or use at such time as no longer needed.

(k) Minor betterment of existing public road and highway related facilities such as maintenance yards, weigh stations and rest areas, within right of way existing as of July 1, 1987, and contiguous

public-owned property utilized to support the operation and maintenance of public roads and high-ways.

(L) A replacement dwelling to be used in conjunction with farm use if the existing dwelling has been listed in a county inventory as historic property as defined in ORS 358.480.

(m) Creation, restoration or enhancement of wetlands.

(n) A winery, as described in ORS 215.452 or 215.453.

(o) Farm stands if:

(A) The structures are designed and used for the sale of farm crops or livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area, including the sale of retail incidental items and fee-based activity to promote the sale of farm crops or livestock sold at the farm stand if the annual sale of incidental items and fees from promotional activity do not make up more than 25 percent of the total annual sales of the farm stand; and

(B) The farm stand does not include structures designed for occupancy as a residence or for activity other than the sale of farm crops or livestock and does not include structures for banquets, public gatherings or public entertainment.

(p) Alteration, restoration or replacement of a lawfully established dwelling that:

(A) Has intact exterior walls and roof structure;

(B) Has indoor plumbing consisting of a kitchen sink, toilet and bathing facilities connected to a sanitary waste disposal system;

(C) Has interior wiring for interior lights;

(D) Has a heating system; and

(E) In the case of replacement:

(i) Is removed, demolished or converted to an allowable nonresidential use within three months of the completion of the replacement dwelling. A replacement dwelling may be sited on any part of the same lot or parcel. A dwelling established under this paragraph shall comply with all applicable siting standards. However, the standards shall not be applied in a manner that prohibits the siting of the dwelling. If the dwelling to be replaced is located on a portion of the lot or parcel not zoned for exclusive farm use, the applicant, as a condition of approval, shall execute and record in the deed records for the county where the property is located a deed restriction prohibiting the siting of a dwelling on that portion of the lot or parcel. The restriction imposed shall be irrevocable unless a statement of release is placed in the deed records for the county. The release shall be signed by the county or its designee and state that the provisions of this paragraph regarding replacement dwellings have changed to allow the siting of another dwelling. The county planning director or the director's designee shall maintain a record of the lots and parcels that do not qualify for the siting of a new dwelling under the provisions of this paragraph, including a copy of the deed restrictions and release statements filed under this paragraph; and

(ii) For which the applicant has requested a deferred replacement permit, is removed or demolished within three months after the deferred replacement permit is issued. A deferred replacement permit allows construction of the replacement dwelling at any time. If, however, the established dwelling is not removed or demolished within three months after the deferred replacement permit is issued, the permit becomes void. The replacement dwelling must comply with applicable building codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to siting at the time of construction. A deferred replacement permit may not be transferred, by sale or otherwise, except by the applicant to the spouse or a child of the applicant.

(q) A site for the takeoff and landing of model aircraft, including such buildings or facilities as may reasonably be necessary. Buildings or facilities shall not be more than 500 square feet in floor area or placed on a permanent foundation unless the building or facility preexisted the use approved under this paragraph. The site shall not include an aggregate surface or hard surface area unless the surface preexisted the use approved under this paragraph. An owner of property used for the purpose authorized in this paragraph may charge a person operating the use on the property rent for the property. An operator may charge users of the property a fee that does not exceed the

operator's cost to maintain the property, buildings and facilities. As used in this paragraph, "model aircraft" means a small-scale version of an airplane, glider, helicopter, dirigible or balloon that is used or intended to be used for flight and is controlled by radio, lines or design by a person on the ground.

(r) A facility for the processing of farm crops, or the production of biofuel as defined in ORS 315.141, that is located on a farm operation that provides at least one-quarter of the farm crops processed at the facility. The building established for the processing facility shall not exceed 10,000 square feet of floor area exclusive of the floor area designated for preparation, storage or other farm use or devote more than 10,000 square feet to the processing activities within another building supporting farm uses. A processing facility shall comply with all applicable siting standards but the standards shall not be applied in a manner that prohibits the siting of the processing facility.

(s) Fire service facilities providing rural fire protection services.

(t) Irrigation reservoirs, canals, delivery lines and those structures and accessory operational facilities, not including parks or other recreational structures and facilities, associated with a district as defined in ORS 540.505.

(u) Utility facility service lines. Utility facility service lines are utility lines and accessory facilities or structures that end at the point where the utility service is received by the customer and that are located on one or more of the following:

(A) A public right of way;

(B) Land immediately adjacent to a public right of way, provided the written consent of all adjacent property owners has been obtained; or

(C) The property to be served by the utility.

(v) Subject to the issuance of a license, permit or other approval by the Department of Environmental Quality under ORS 454.695, 459.205, 468B.050, 468B.053 or 468B.055, or in compliance with rules adopted under ORS 468B.095, and as provided in ORS 215.246 to 215.251, the land application of reclaimed water, agricultural or industrial process water or biosolids for agricultural, horticultural or silvicultural production, or for irrigation in connection with a use allowed in an exclusive farm use zone under this chapter.

(w) A county law enforcement facility that lawfully existed on August 20, 2002, and is used to provide rural law enforcement services primarily in rural areas, including parole and post-prison supervision, but not including a correctional facility as defined under ORS 162.135.

(x) Dog training classes or testing trials, which may be conducted outdoors or in preexisting farm buildings, when:

(A) The number of dogs participating in training does not exceed 10 dogs per training class and the number of training classes to be held on-site does not exceed six per day; and

(B) The number of dogs participating in a testing trial does not exceed 60 and the number of testing trials to be conducted on-site is limited to four or fewer trials per calendar year.

(2) The following nonfarm uses may be established, subject to the approval of the governing body or its designee in any area zoned for exclusive farm use subject to ORS 215.296:

(a) Commercial activities that are in conjunction with farm use, including the processing of farm crops into biofuel not permitted under ORS 215.203 (2)(b)(K) or subsection (1)(r) of this section.

(b) Operations conducted for:

(A) Mining and processing of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005 not otherwise permitted under subsection (1)(f) of this section;

(B) Mining, crushing or stockpiling of aggregate and other mineral and other subsurface resources subject to ORS 215.298;

(C) Processing, as defined by ORS 517.750, of aggregate into asphalt or portland cement; and

(D) Processing of other mineral resources and other subsurface resources.

(c) Private parks, playgrounds, hunting and fishing preserves and campgrounds. Subject to the approval of the county governing body or its designee, a private campground may provide yurts for overnight camping. No more than one-third or a maximum of 10 campsites, whichever is smaller, may include a yurt. The yurt shall be located on the ground or on a wood floor with no permanent

foundation. Upon request of a county governing body, the Land Conservation and Development Commission may provide by rule for an increase in the number of yurts allowed on all or a portion of the campgrounds in a county if the commission determines that the increase will comply with the standards described in ORS 215.296 (1). As used in this paragraph, "yurt" means a round, domed shelter of cloth or canvas on a collapsible frame with no plumbing, sewage disposal hookup or internal cooking appliance.

(d) Parks and playgrounds. A public park may be established consistent with the provisions of ORS 195.120.

(e) Community centers owned by a governmental agency or a nonprofit community organization and operated primarily by and for residents of the local rural community. A community center authorized under this paragraph may provide services to veterans, including but not limited to emergency and transitional shelter, preparation and service of meals, vocational and educational counseling and referral to local, state or federal agencies providing medical, mental health, disability income replacement and substance abuse services, only in a facility that is in existence on January 1, 2006. The services may not include direct delivery of medical, mental health, disability income replacement or substance abuse services.

(f) Golf courses on land determined not to be high-value farmland, as defined in ORS 195.300.

(g) Commercial utility facilities for the purpose of generating power for public use by sale.

(h) Personal-use airports for airplanes and helicopter pads, including associated hangar, maintenance and service facilities. A personal-use airport, as used in this section, means an airstrip restricted, except for aircraft emergencies, to use by the owner, and, on an infrequent and occasional basis, by invited guests, and by commercial aviation activities in connection with agricultural operations. No aircraft may be based on a personal-use airport other than those owned or controlled by the owner of the airstrip. Exceptions to the activities permitted under this definition may be granted through waiver action by the Oregon Department of Aviation in specific instances. A personal-use airport lawfully existing as of September 13, 1975, shall continue to be permitted subject to any applicable rules of the Oregon Department of Aviation.

(i) Home occupations as provided in ORS 215.448.

(j) A facility for the primary processing of forest products, provided that such facility is found to not seriously interfere with accepted farming practices and is compatible with farm uses described in ORS 215.203 (2). Such a facility may be approved for a one-year period which is renewable. These facilities are intended to be only portable or temporary in nature. The primary processing of a forest product, as used in this section, means the use of a portable chipper or stud mill or other similar methods of initial treatment of a forest product in order to enable its shipment to market. Forest products, as used in this section, means timber grown upon a parcel of land or contiguous land where the primary processing facility is located.

(k) A site for the disposal of solid waste approved by the governing body of a city or county or both and for which a permit has been granted under ORS 459.245 by the Department of Environmental Quality together with equipment, facilities or buildings necessary for its operation.

(L) One manufactured dwelling or recreational vehicle, or the temporary residential use of an existing building, in conjunction with an existing dwelling as a temporary use for the term of a hardship suffered by the existing resident or a relative of the resident. Within three months of the end of the hardship, the manufactured dwelling or recreational vehicle shall be removed or demolished or, in the case of an existing building, the building shall be removed, demolished or returned to an allowed nonresidential use. The governing body or its designee shall provide for periodic review of the hardship claimed under this paragraph. A temporary residence approved under this paragraph is not eligible for replacement under subsection (1)(p) of this section.

(m) Transmission towers over 200 feet in height.

(n)(A) Commercial dog boarding kennels; or

(B) Dog training classes or testing trials that cannot be established under subsection (1)(x) of this section.

(o) Residential homes as defined in ORS 197.660, in existing dwellings.

(p) The propagation, cultivation, maintenance and harvesting of aquatic species that are not under the jurisdiction of the State Fish and Wildlife Commission or insect species. Insect species shall not include any species under quarantine by the State Department of Agriculture or the United States Department of Agriculture. The county shall provide notice of all applications under this paragraph to the State Department of Agriculture. Notice shall be provided in accordance with the county's land use regulations but shall be mailed at least 20 calendar days prior to any administrative decision or initial public hearing on the application.

(q) Construction of additional passing and travel lanes requiring the acquisition of right of way but not resulting in the creation of new land parcels.

(r) Reconstruction or modification of public roads and highways involving the removal or displacement of buildings but not resulting in the creation of new land parcels.

(s) Improvement of public road and highway related facilities, such as maintenance yards, weigh stations and rest areas, where additional property or right of way is required but not resulting in the creation of new land parcels.

(t) A destination resort that is approved consistent with the requirements of any statewide planning goal relating to the siting of a destination resort.

(u) Room and board arrangements for a maximum of five unrelated persons in existing residences.

(v) Operations for the extraction and bottling of water.

(w) Expansion of existing county fairgrounds and activities directly relating to county fairgrounds governed by county fair boards established pursuant to ORS 565.210.

(x) A living history museum related to resource based activities owned and operated by a governmental agency or a local historical society, together with limited commercial activities and facilities that are directly related to the use and enjoyment of the museum and located within authentic buildings of the depicted historic period or the museum administration building, if areas other than an exclusive farm use zone cannot accommodate the museum and related activities or if the museum administration buildings and parking lot are located within one quarter mile of an urban growth boundary. As used in this paragraph:

(A) "Living history museum" means a facility designed to depict and interpret everyday life and culture of some specific historic period using authentic buildings, tools, equipment and people to simulate past activities and events; and

(B) "Local historical society" means the local historical society recognized by the county governing body and organized under ORS chapter 65.

(y) An aerial fireworks display business that has been in continuous operation at its current location within an exclusive farm use zone since December 31, 1986, and possesses a wholesaler's permit to sell or provide fireworks.

(z) A landscape contracting business, as defined in ORS 671.520, or a business providing landscape architecture services, as described in ORS 671.318, if the business is pursued in conjunction with the growing and marketing of nursery stock on the land that constitutes farm use.

(aa) Public or private schools for kindergarten through grade 12, including all buildings essential to the operation of a school, primarily for residents of the rural area in which the school is located.

(3) Roads, highways and other transportation facilities and improvements not allowed under subsections (1) and (2) of this section may be established, subject to the approval of the governing body or its designee, in areas zoned for exclusive farm use subject to:

(a) Adoption of an exception to the goal related to agricultural lands and to any other applicable goal with which the facility or improvement does not comply; or

(b) ORS 215.296 for those uses identified by rule of the Land Conservation and Development Commission as provided in section 3, chapter 529, Oregon Laws 1993.

(4) The following agri-tourism and other commercial events or activities that are related to and supportive of agriculture may be established in any area zoned for exclusive farm use:

(a) A county may authorize a single agri-tourism or other commercial event or activity on a tract in a calendar year by an authorization that is personal to the applicant and is not transferred by, or transferable with, a conveyance of the tract, if the agri-tourism or other commercial event or activity meets any local standards that apply and:

(A) The agri-tourism or other commercial event or activity is incidental and subordinate to existing farm use on the tract;

(B) The duration of the agri-tourism or other commercial event or activity does not exceed 72 consecutive hours;

(C) The maximum attendance at the agri-tourism or other commercial event or activity does not exceed 500 people;

(D) The maximum number of motor vehicles parked at the site of the agri-tourism or other commercial event or activity does not exceed 250 vehicles;

(E) The agri-tourism or other commercial event or activity complies with ORS 215.296;

(F) The agri-tourism or other commercial event or activity occurs outdoors, in temporary structures, or in existing permitted structures, subject to health and fire and life safety requirements; and

(G) The agri-tourism or other commercial event or activity complies with conditions established for:

(i) Planned hours of operation;

(ii) Access, egress and parking;

(iii) A traffic management plan that identifies the projected number of vehicles and any anticipated use of public roads; and

(iv) Sanitation and solid waste.

(b) In the alternative to paragraphs (a) and (c) of this subsection, a county may authorize, through an expedited, single-event license, a single agri-tourism or other commercial event or activity on a tract in a calendar year by an expedited, single-event license that is personal to the applicant and is not transferred by, or transferable with, a conveyance of the tract. A decision concerning an expedited, single-event license is not a land use decision, as defined in ORS 197.015. To approve an expedited, single-event license, the governing body of a county or its designee must determine that the proposed agri-tourism or other commercial event or activity meets any local standards that apply, and the agri-tourism or other commercial event or activity:

(A) Must be incidental and subordinate to existing farm use on the tract;

(B) May not begin before 6 a.m. or end after 10 p.m.;

(C) May not involve more than 100 attendees or 50 vehicles;

(D) May not include the artificial amplification of music or voices before 8 a.m. or after 8 p.m.;

(E) May not require or involve the construction or use of a new permanent structure in connection with the agri-tourism or other commercial event or activity;

(F) Must be located on a tract of at least 10 acres unless the owners or residents of adjoining properties consent, in writing, to the location; and

(G) Must comply with applicable health and fire and life safety requirements.

(c) In the alternative to paragraphs (a) and (b) of this subsection, a county may authorize up to six agri-tourism or other commercial events or activities on a tract in a calendar year by a limited use permit that is personal to the applicant and is not transferred by, or transferable with, a conveyance of the tract. The agri-tourism or other commercial events or activities must meet any local standards that apply, and the agri-tourism or other commercial events or activities:

(A) Must be incidental and subordinate to existing farm use on the tract;

(B) May not, individually, exceed a duration of 72 consecutive hours;

(C) May not require that a new permanent structure be built, used or occupied in connection with the agri-tourism or other commercial events or activities;

(D) Must comply with ORS 215.296;

(E) May not, in combination with other agri-tourism or other commercial events or activities authorized in the area, materially alter the stability of the land use pattern in the area; and

(F) Must comply with conditions established for:

(i) The types of agri-tourism or other commercial events or activities that are authorized during each calendar year, including the number and duration of the agri-tourism or other commercial events and activities, the anticipated daily attendance and the hours of operation;

(ii) The location of existing structures and the location of proposed temporary structures to be used in connection with the agri-tourism or other commercial events or activities;

(iii) The location of access and egress and parking facilities to be used in connection with the agri-tourism or other commercial events or activities;

(iv) Traffic management, including the projected number of vehicles and any anticipated use of public roads; and

(v) Sanitation and solid waste.

(d) In addition to paragraphs (a) to (c) of this subsection, a county may authorize agri-tourism or other commercial events or activities that occur more frequently or for a longer period or that do not otherwise comply with paragraphs (a) to (c) of this subsection if the agri-tourism or other commercial events or activities comply with any local standards that apply and the agri-tourism or other commercial events or activities:

(A) Are incidental and subordinate to existing commercial farm use of the tract and are necessary to support the commercial farm uses or the commercial agricultural enterprises in the area;

(B) Comply with the requirements of paragraph (c)(C), (D), (E) and (F) of this subsection;

(C) Occur on a lot or parcel that complies with the acknowledged minimum lot or parcel size; and

(D) Do not exceed 18 events or activities in a calendar year.

(5) A holder of a permit authorized by a county under subsection (4)(d) of this section must request review of the permit at four-year intervals. Upon receipt of a request for review, the county shall:

(a) Provide public notice and an opportunity for public comment as part of the review process; and

(b) Limit its review to events and activities authorized by the permit, conformance with conditions of approval required by the permit and the standards established by subsection (4)(d) of this section.

(6) For the purposes of subsection (4) of this section:

(a) A county may authorize the use of temporary structures established in connection with the agri-tourism or other commercial events or activities authorized under subsection (4) of this section. However, the temporary structures must be removed at the end of the agri-tourism or other event or activity. The county may not approve an alteration to the land in connection with an agri-tourism or other commercial event or activity authorized under subsection (4) of this section, including, but not limited to, grading, filling or paving.

(b) The county may issue the limited use permits authorized by subsection (4)(c) of this section for two calendar years. When considering an application for renewal, the county shall ensure compliance with the provisions of subsection (4)(c) of this section, any local standards that apply and conditions that apply to the permit or to the agri-tourism or other commercial events or activities authorized by the permit.

(c) The authorizations provided by subsection (4) of this section are in addition to other authorizations that may be provided by law, except that "outdoor mass gathering" and "other gathering," as those terms are used in ORS 197.015 (10)(d), do not include agri-tourism or other commercial events and activities.

SECTION 5. ORS 215.275 is amended to read:

215.275. (1) A utility facility established under ORS 215.213 (1)(c)(A) or 215.283 (1)(c)(A) is necessary for public service if the facility must be sited in an exclusive farm use zone in order to provide the service.

(2) To demonstrate that a utility facility is necessary, an applicant for approval under ORS 215.213 (1)(c)(A) or 215.283 (1)(c)(A) must show that reasonable alternatives have been considered

and that the facility must be sited in an exclusive farm use zone due to one or more of the following factors:

- (a) Technical and engineering feasibility;
- (b) The proposed facility is locationally dependent. A utility facility is locationally dependent if it must cross land in one or more areas zoned for exclusive farm use in order to achieve a reasonably direct route or to meet unique geographical needs that cannot be satisfied on other lands;
- (c) Lack of available urban and nonresource lands;
- (d) Availability of existing rights of way;
- (e) Public health and safety; and
- (f) Other requirements of state or federal agencies.

(3) Costs associated with any of the factors listed in subsection (2) of this section may be considered, but cost alone may not be the only consideration in determining that a utility facility is necessary for public service. Land costs shall not be included when considering alternative locations for substantially similar utility facilities. The Land Conservation and Development Commission shall determine by rule how land costs may be considered when evaluating the siting of utility facilities that are not substantially similar.

(4) The owner of a utility facility approved under ORS 215.213 (1)(c)(A) or 215.283 (1)(c)(A) shall be responsible for restoring, as nearly as possible, to its former condition any agricultural land and associated improvements that are damaged or otherwise disturbed by the siting, maintenance, repair or reconstruction of the facility. Nothing in this section shall prevent the owner of the utility facility from requiring a bond or other security from a contractor or otherwise imposing on a contractor the responsibility for restoration.

(5) The governing body of the county or its designee shall impose clear and objective conditions on an application for utility facility siting under ORS 215.213 (1)(c)(A) or 215.283 (1)(c)(A) to mitigate and minimize the impacts of the proposed facility, if any, on surrounding lands devoted to farm use in order to prevent a significant change in accepted farm practices or a significant increase in the cost of farm practices on the surrounding farmlands.

(6) The provisions of subsections (2) to (5) of this section do not apply to interstate natural gas pipelines and associated facilities authorized by and subject to regulation by the Federal Energy Regulatory Commission.

SECTION 6. ORS 215.246 is amended to read:

215.246. (1) The uses allowed under ORS 215.213 (1)(y) and 215.283 (1)(v):

(a) Require a determination by the Department of Environmental Quality, in conjunction with the department's review of a license, permit or approval, that the application rates and site management practices for the land application of reclaimed water, agricultural or industrial process water or biosolids ensure continued agricultural, horticultural or silvicultural production and do not reduce the productivity of the tract.

(b) Are not subject to other provisions of ORS 215.213 or 215.283 or to the provisions of ORS 215.275 or 215.296 or **section 2 of this 2013 Act.**

(2) The use of a tract of land on which the land application of reclaimed water, agricultural or industrial process water or biosolids has occurred under this section may not be changed to allow a different use unless:

- (a) The tract is included within an acknowledged urban growth boundary;
- (b) The tract is rezoned to a zone other than an exclusive farm use zone;
- (c) The different use of the tract is a farm use as defined in ORS 215.203; or
- (d) The different use of the tract is a use allowed under:
 - (A) ORS 215.213 (1)(b), (d) to (f), (i) to (n), (p) to (r), (u), (w) or (x);
 - (B) ORS 215.213 (2)(a) to (c), (i), (m) or (p) to (r);
 - (C) ORS 215.213 (11);
 - (D) ORS 215.283 (1)(b), (d), (e), (h) to (L), (n) to (p), (r), (t) or (u);
 - (E) ORS 215.283 (2)(a), (j), (L) or (p) to (s); or
 - (F) ORS 215.283 (4).

(3) When a state agency or a local government makes a land use decision relating to the land application of reclaimed water, agricultural or industrial process water or biosolids under a license, permit or approval by the Department of Environmental Quality, the applicant shall explain in writing how alternatives identified in public comments on the land use decision were considered and, if the alternatives are not used, explain in writing the reasons for not using the alternatives. The applicant must consider only those alternatives that are identified with sufficient specificity to afford the applicant an adequate opportunity to consider the alternatives. A land use decision relating to the land application of reclaimed water, agricultural or industrial process water or biosolids may not be reversed or remanded under this subsection unless the applicant failed to consider identified alternatives or to explain in writing the reasons for not using the alternatives.

(4) The uses allowed under this section include:

(a) The treatment of reclaimed water, agricultural or industrial process water or biosolids that occurs as a result of the land application;

(b) The establishment and use of facilities, including buildings, equipment, aerated and nonaerated water impoundments, pumps and other irrigation equipment, that are accessory to and reasonably necessary for the land application to occur on the subject tract;

(c) The establishment and use of facilities, including buildings and equipment, that are not on the tract on which the land application occurs for the transport of reclaimed water, agricultural or industrial process water or biosolids to the tract on which the land application occurs if the facilities are located within:

(A) A public right of way; or

(B) Other land if the landowner provides written consent and the owner of the facility complies with ORS 215.275 (4); and

(d) The transport by vehicle of reclaimed water or agricultural or industrial process water to a tract on which the water will be applied to land.

(5) Uses not allowed under this section include:

(a) The establishment and use of facilities, including buildings or equipment, for the treatment of reclaimed water, agricultural or industrial process water or biosolids other than those treatment facilities related to the treatment that occurs as a result of the land application; or

(b) The establishment and use of utility facility service lines allowed under ORS 215.213 (1)(x) or 215.283 (1)(u).

SECTION 7. ORS 215.276 is amended to read:

215.276. (1) As used in this section:

(a) "Consult" means to make an effort to contact for purpose of notifying the record owner of the opportunity to meet.

(b) "High-value farmland" has the meaning given that term in ORS 195.300.

(c) "Transmission line" means a linear utility facility by which a utility provider transfers the utility product in bulk from a point of origin or generation, or between transfer stations, to the point at which the utility product is transferred to distribution lines for delivery to end users.

(2) If the criteria described in ORS 215.275 for siting a utility facility on land zoned for exclusive farm use are met for a utility facility that is a transmission line, **or if the criteria described in section 2 of this 2013 Act for siting an associated transmission line are met**, the utility provider shall, after the route is approved by the siting authorities and before construction of the transmission line begins, consult the record owner of high-value farmland in the planned route for the purpose of locating and constructing the transmission line in a manner that minimizes the impact on farming operations on high-value farmland. If the record owner does not respond within two weeks after the first documented effort to consult the record owner, the utility provider shall notify the record owner by certified mail of the opportunity to consult. If the record owner does not respond within two weeks after the certified mail is sent, the utility provider has satisfied the provider's obligation to consult.

(3) The requirement to consult under this section is in addition to and not in lieu of any other legally required consultation process.
