SECTION 1. ORS 469.421 is amended to read:

469.421. These expenses may include legal expenses, expenses incurred in processing and evaluating the application, issuing a final order or site certificate, commissioning an independent study by a contractor, state agency or local government under ORS 469.360, and changes to the rules of the council that are specifically required and related to the particular site certificate.

(2) Every person submitting a notice of intent to file for a site certificate, a request for exemption or a request for expedited review shall submit the fee required under the fee schedule established under ORS 469.441 to the *[State]* department *[of Energy]* when the notice or request is submitted to the council. To the extent possible, the full cost of the evaluation shall be paid from

NOTE: Matter in **boldfaced** type in an amended section is new; matter *[italic and bracketed]* is existing law to be omitted. New sections are in **boldfaced** type.

1 the fee paid under this subsection. However, if costs of the evaluation exceed the fee, the person
 2 submitting the notice or request shall pay any excess costs shown in an itemized statement prepared
 3 by the council. In no event shall the council incur evaluation expenses in excess of 110 percent of
 4 the fee initially paid unless the council provides prior notification to the applicant and a detailed
 5 projected budget the council believes necessary to complete the project. If costs are less than the
 6 fee paid, the excess shall be refunded to the person submitting the notice or request.

7 (3) Before submitting a site certificate application, the applicant shall request from the [State]
 8 department [of Energy] an estimate of the costs expected to be incurred in processing the applica-
 9 tion. The department shall inform the applicant of that amount and require the applicant to make
 10 periodic payments of the costs pursuant to a cost reimbursement agreement. The cost reimbursement
 11 agreement shall provide for payment of 25 percent of the estimated costs when the applicant submits
 12 the application. If costs of the evaluation exceed the estimate, the applicant shall pay any excess
 13 costs shown in an itemized statement prepared by the council. In no event shall the council incur
 14 evaluation expenses in excess of 110 percent of the fee initially estimated unless the council pro-
 15 vided prior notification to the applicant and a detailed projected budget the council believes is
 16 necessary to complete the project. If costs are less than the fee paid, the council shall refund the
 17 excess to the applicant.

18 (4) Any person who is delinquent in the payment of fees under subsections (1) to (3) of this
 19 section shall be subject to the provisions of subsection (11) of this section.

20 (5) Subject to the provisions of ORS 469.441, each holder of a certificate shall pay an annual fee,
 21 due every July 1 following issuance of a site certificate. For each fiscal year, upon approval of the
 22 [State Department of Energy's] **department's** budget authorization by an odd-numbered year regular
 23 session of the Legislative Assembly or as revised by the Emergency Board meeting in an interim
 24 period or by the Legislative Assembly meeting in special session or in an even-numbered year reg-
 25 ular session, the Director of the State Department of Energy promptly shall enter an order estab-
 26 lishing an annual fee based on the amount of revenues that the director estimates is needed to fund
 27 the cost of ensuring that the facility is being operated consistently with the terms and conditions
 28 of the site certificate, any order issued by the department under ORS 469.405 (3) and any applicable
 29 health or safety standards. In determining this cost, the director shall include both the actual direct
 30 cost to be incurred by the council[, *the State Department of Energy and the Oregon Department of*
 31 *Administrative Services*] **and the department** to ensure that the facility is being operated consist-
 32 ently with the terms and conditions of the site certificate, any order issued by the [State] department
 33 [of Energy] under ORS 469.405 (3) and any applicable health or safety standards, and the general
 34 costs to be incurred by the council[, *the State Department of Energy and the Oregon Department of*
 35 *Administrative Services*] **and the department** to ensure that all certificated facilities are being op-
 36 erated consistently with the terms and conditions of the site certificates, any orders issued by the
 37 [State] department [of Energy] under ORS 469.405 (3) and any applicable health or safety standards
 38 that cannot be allocated to an individual, licensed facility. Not more than 35 percent of the annual
 39 fee charged each facility shall be for the recovery of these general costs. The fees for direct costs
 40 shall reflect the size and complexity of the facility and its certificate conditions.

41 (6) Each holder of a site certificate executed after July 1 of any fiscal year shall pay a fee for
 42 the remaining portion of the year. The amount of the fee shall be set at the cost of regulating the
 43 facility during the remaining portion of the year determined in the same manner as the annual fee.

44 (7) When the actual costs of regulation incurred by the council[, *the State Department of Energy*
 45 *and the Oregon Department of Administrative Services*] **and the department** for the year, including

1 that portion of the general regulation costs that have been allocated to a particular facility, are less
 2 than the annual fees for that facility, the unexpended balance shall be refunded to the site certifi-
 3 cate holder. When the actual regulation costs incurred by the council[, *the State Department of*
 4 *Energy and the Oregon Department of Administrative Services*] **and the department** for the year,
 5 including that portion of the general regulation costs that have been allocated to a particular fa-
 6 cility, are projected to exceed the annual fee for that facility, the director [*of the State Department*
 7 *of Energy*] may issue an order revising the annual fee.

8 (8)(a) In addition to any other fees required by law, each energy resource supplier shall pay to
 9 the [State] department [*of Energy*] annually its share of an assessment to fund the activities of the
 10 [*Energy Facility Siting Council, the Oregon Department of Administrative Services and the State De-*
 11 *partment of Energy, determined by the Director of the State Department of Energy in the following*
 12 *manner:*] **council and the department.**

13 (b) **Prior to filing budget forms under ORS 291.208 for purposes related to the compilation**
 14 **and preparation of the Governor's budget under ORS 291.216, the director shall determine the**
 15 **aggregate amount of revenue to be collected from energy resources suppliers under this**
 16 **subsection that will be necessary to fund the programs and activities of the council and the**
 17 **department for each fiscal year of the upcoming biennium and the specific amount of re-**
 18 **venue to be collected from each energy resource supplier under this subsection. After mak-**
 19 **ing that determination, the director shall convene a public meeting with representatives of**
 20 **energy resource suppliers and other interested parties for the purpose of providing energy**
 21 **resource suppliers with a full accounting of:**

22 (A) **The projected revenue needed to fund each department program; and**

23 (B) **The projected allocation of moneys derived from the assessment imposed under this**
 24 **subsection to each department program.**

25 [(a)] (c) Upon approval of the budget authorization of the [*Energy Facility Siting Council, the*
 26 *Oregon Department of Administrative Services and the State Department of Energy*] **council and the**
 27 **department** by an odd-numbered year regular session of the Legislative Assembly, the director [*of*
 28 *the State Department of Energy*] shall promptly enter an order establishing the amount of revenues
 29 required to be derived from an assessment pursuant to this subsection in order to fund [*the activities*
 30 *of the Energy Facility Siting Council, the Oregon Department of Administrative Services and the State*
 31 *Department of Energy, including those enumerated in ORS 469.030 and others authorized by law,*]
 32 **programs and activities that the council and the department are charged with administering**
 33 **and authorized to conduct under the laws of this state, including those enumerated in ORS**
 34 **469.030, for the first fiscal year of the forthcoming biennium. On or before June 1 of each even-**
 35 **numbered year, the director [*of the State Department of Energy*] shall enter an order establishing the**
 36 **amount of revenues required to be derived from an assessment pursuant to this subsection in order**
 37 **to fund the [*activities of the Energy Facility Siting Council, the Oregon Department of Administrative***
 38 ***Services and the State Department of Energy, including those enumerated in ORS 469.030 and others***
 39 ***authorized by law,*] programs and activities that the council and the department are charged**
 40 **with administering and authorized to conduct under the laws of this state, including those**
 41 **enumerated in ORS 469.030, for the second fiscal year of the biennium. The order shall take into**
 42 **account any revisions to the biennial budget of the [*Energy Facility Siting Council, the State De-***
 43 ***partment of Energy and the Oregon Department of Administrative Services*] **council and the depart-****
 44 **ment** made by the Emergency Board meeting in an interim period or by the Legislative Assembly
 45 meeting in special session or in an even-numbered year regular session. [*However, an assessment*

1 under this section may not be used to derive revenue for funding State Department of Energy activities
 2 related to the energy efficiency and sustainable technology loan program described in ORS chapter
 3 470.]

4 [(b)] (d) Each order issued by the director pursuant to paragraph [(a)] (c) of this subsection shall
 5 allocate the aggregate assessment set forth [therein] **in the order** to energy resource suppliers in
 6 accordance with paragraph [(c)] (e) of this subsection.

7 [(c)] (e) The amount assessed to an energy resource supplier shall be based on the ratio which
 8 that supplier's annual gross operating revenue derived within this state in the preceding calendar
 9 year bears to the total gross operating revenue derived within this state during that year by all
 10 energy resource suppliers. The assessment against an energy resource supplier shall not exceed
 11 [five-tenths of one] **0.375** percent of the supplier's gross operating revenue derived within this state
 12 in the preceding calendar year. The director shall exempt from payment of an assessment any indi-
 13 vidual energy resource supplier whose calculated share of the annual assessment is less than \$250.

14 [(d)] (f) The director shall send each energy resource supplier subject to assessment pursuant
 15 to this subsection a copy of each order issued[,] by registered or certified mail **or through use of**
 16 **an electronic medium with electronic receipt verification**. The amount assessed to the energy
 17 resource supplier pursuant to the order shall be considered to the extent otherwise permitted by law
 18 a government-imposed cost and recoverable by the energy resource supplier as a cost included
 19 within the price of the service or product supplied.

20 [(e)] (g) The amounts assessed to individual energy resource suppliers pursuant to paragraph
 21 [(c)] (e) of this subsection shall be paid to the [State] department [of Energy] as follows:

22 (A) Amounts assessed for the first fiscal year of a biennium shall be paid not later than 90 days
 23 following adjournment sine die of the odd-numbered year regular session of the Legislative Assem-
 24 bly; and

25 (B) Amounts assessed for the second fiscal year of a biennium shall be paid not later than July
 26 1 of each even-numbered year or 90 days following adjournment sine die of the even-numbered year
 27 regular session of the Legislative Assembly, whichever is later.

28 [(f)] (h) An energy resource supplier shall provide the director, on or before May 1 of each year,
 29 a verified statement showing its gross operating revenues derived within the state for the [preceding
 30 calendar year.] **most recently completed fiscal year, as long as the gross operating revenues**
 31 **included in the statement were collected no more than 18 months from the date that the**
 32 **director issued the energy resource supplier the order under paragraph (f) of this subsection.**

33 The statement [shall] **must** be in the form prescribed by the director and is subject to audit by the
 34 director. The statement [shall] **must** include an entry showing the total operating revenue derived
 35 by petroleum suppliers from fuels sold that are subject to the requirements of [section 3a,] Article
 36 IX, **section 3a**, of the Oregon Constitution, and ORS 319.020 with reference to aircraft fuel and
 37 motor vehicle fuel, and ORS 319.530. The director may grant an extension of not more than 15 days
 38 for the requirements of this subsection if:

39 (A) The energy supplier makes a showing of hardship caused by the deadline;

40 (B) The energy supplier provides reasonable assurance that the energy supplier can comply with
 41 the revised deadline; and

42 (C) The extension of time does not prevent the [Energy Facility Siting Council, the Oregon De-
 43 partment of Administrative Services or the State Department of Energy] **council or the department**
 44 from fulfilling [their] **its** statutory responsibilities.

45 [(g)] (i) As used in this section:

1 (A) "Energy resource supplier" means an electric utility, natural gas utility or petroleum sup-
 2 plier supplying, generating, transmitting or distributing electricity, natural gas or petroleum pro-
 3 ducts in Oregon.

4 (B) "Gross operating revenue" means gross receipts from sales or service made or provided
 5 within this state during the regular course of the energy supplier's business, but does not include
 6 either revenue derived from interutility sales within the state or revenue received by a petroleum
 7 supplier from the sale of fuels that are subject to the requirements of [section 3a,] Article IX, **sec-**
 8 **tion 3a**, of the Oregon Constitution, or ORS 319.020 or 319.530.

9 (C) "Petroleum supplier" has the meaning given that term in ORS 469.020.

10 [(h)] (j) In determining the amount of revenues that must be derived from any class of energy
 11 resource suppliers by assessment pursuant to this subsection, the director shall take into account
 12 all other known or readily ascertainable sources of revenue to the [Energy Facility Siting Council,
 13 the Oregon Department of Administrative Services and the State Department of Energy] **council and**
 14 **department**, including, but not limited to, fees imposed under this section and federal funds, and
 15 may take into account any funds previously assessed pursuant to ORS 469.420 (1979 Replacement
 16 Part) or section 7, chapter 792, Oregon Laws 1981.

17 [(i)] (k) Orders issued by the director pursuant to this section shall be subject to judicial review
 18 under ORS 183.484. The taking of judicial review shall not operate to stay the obligation of an en-
 19 ergy resource supplier to pay amounts assessed to it on or before the statutory deadline.

20 (9)(a) In addition to any other fees required by law, each operator of a nuclear fueled thermal
 21 power plant or nuclear installation within this state shall pay to the [State] department [of Energy]
 22 annually on July 1[,] an assessment in an amount determined by the director to be necessary to fund
 23 the activities of the state and the counties associated with emergency preparedness for a nuclear
 24 fueled thermal power plant or nuclear installation. The assessment shall not exceed \$461,250 per
 25 year. Moneys collected as assessments under this subsection are continuously appropriated to the
 26 [State] department [of Energy] for this purpose.

27 (b) The [State] department [of Energy] shall maintain and [shall] cause other state agencies and
 28 counties to maintain time and billing records for the expenditure of any fees collected from an op-
 29 erator of a nuclear fueled thermal power plant under paragraph (a) of this subsection.

30 (10) Reactors operated by a college, university or graduate center for research purposes and
 31 electric utilities not connected to the Northwest Power Grid are exempt from the fee requirements
 32 of subsections (5), (8) and (9) of this section.

33 (11)(a) All fees assessed by the director against holders of site certificates for facilities that have
 34 an installed capacity of 500 megawatts or greater may be paid in several installments, the schedule
 35 for which shall be negotiated between the director and the site certificate holder.

36 (b) Energy resource suppliers or applicants or holders of a site certificate who fail to pay a fee
 37 provided under subsections (1) to (9) of this section or the fees required under ORS 469.360 after it
 38 is due and payable shall pay, in addition to that fee, a penalty of two percent of the fee a month for
 39 the period that the fee is past due. Any payment made according to the terms of a schedule nego-
 40 tiated under paragraph (a) of this subsection shall not be considered past due. The director may
 41 bring an action to collect an unpaid fee [or penalty] in the name of the State of Oregon in a court
 42 of competent jurisdiction. The court may award reasonable attorney fees to the director if the di-
 43 rector prevails in an action under this subsection. The court may award reasonable attorney fees
 44 to a defendant who prevails in an action under this subsection if the court determines that the di-
 45 rector had no objectively reasonable basis for asserting the claim or no reasonable basis for ap-

1 peeling an adverse decision of the trial court.

2 **SECTION 2.** Section 47a, chapter 753, Oregon Laws 2009, is amended to read:

3 **Sec. 47a.** Notwithstanding ORS 469.441, in addition to any assessment imposed under ORS
4 469.421 (8), the State Department of Energy may impose a special assessment on energy resource
5 suppliers that are subject to the assessment described in ORS 469.421 (8). The special assessment
6 authorized under this section may not exceed \$300,000. The department shall calculate the share of
7 the special assessment to be paid by an energy resource supplier based on the most recent gross
8 operating revenue ratio determined for that supplier under ORS 469.421 [(8)(c)] (8)(e) as of the spe-
9 cial assessment date. The department may not impose the special assessment authorized under this
10 section more than once and may not impose the special assessment after July 1, 2010. Moneys re-
11 ceived by the department from the special assessment must be deposited to the Energy Project
12 Supplemental Fund and used to pay costs incurred by the department or the Director of the State
13 Department of Energy in implementing or administering loan programs for small scale local energy
14 projects.

15 **SECTION 3.** (1) **The Director of the State Department of Energy shall convene an advi-**
16 **sory work group composed of stakeholders representing energy resource suppliers, the cus-**
17 **tomers who ultimately pay for the energy supplier assessment imposed under ORS 469.421**
18 **(8) through their energy bills and other groups that have an interest in the provision and**
19 **regulation of energy in this state.**

20 (2) **The advisory work group shall review and make recommendations on the State De-**
21 **partment of Energy's proposals related to:**

22 (a) **Planning, policy and technical analysis;**

23 (b) **Legislative concepts; and**

24 (c) **The department's requested budget.**

25 (3) **The work group shall meet at least two times per year at the call of the director.**
