A BILL FOR AN ACT

Relating to vermiculture on land zoned for exclusive farm use; amending ORS 215.213 and 215.283.

Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 215.213, as amended by section 2, chapter 74, Oregon Laws 2012, is amended to read:

(b) The propagation or harvesting of a forest product.

(c) Utility facilities necessary for public service, including wetland waste treatment systems but not including commercial facilities for the purpose of generating electrical power for public use by sale or transmission towers over 200 feet in height. A utility facility necessary for public service may be established as provided in ORS 215.275.

Notwithstanding ORS 92.010 to 92.192 or the minimum lot or parcel size requirements under ORS 215.780, if the owner of a dwelling described in this paragraph obtains construction financing or other financing secured by the dwelling and the secured party forecloses on the dwelling, the secured party may also foreclose on the homesite, as defined in ORS 308A.250, and the foreclosure shall operate as a partition of the homesite to create a new parcel.

(e) Nonresidential buildings customarily provided in conjunction with farm use.

(f) Subject to ORS 215.279, primary or accessory dwellings customarily provided in conjunction with farm use.  4 (2)(a) or (b).

5 (i) One manufactured dwelling or recreational vehicle, or the temporary residential use of an
 6 existing building, in conjunction with an existing dwelling as a temporary use for the term of a
 7 hardship suffered by the existing resident or a relative of the resident. Within three months of the
 8 end of the hardship, the manufactured dwelling or recreational vehicle shall be removed or demol-
 9 ished or, in the case of an existing building, the building shall be removed, demolished or returned
 10 to an allowed nonresidential use. The governing body or its designee shall provide for periodic re-
 11 view of the hardship claimed under this paragraph. A temporary residence approved under this
 12 paragraph is not eligible for replacement under paragraph (q) of this subsection.

13 (j) Climbing and passing lanes within the right of way existing as of July 1, 1987.

14 (k) Reconstruction or modification of public roads and highways, including the placement of
 15 utility facilities overhead and in the subsurface of public roads and highways along the public right

18 (L) Temporary public road and highway detours that will be abandoned and restored to original
 19 condition or use at such time as no longer needed.

20 (m) Minor betterment of existing public road and highway related facilities, such as maintenance
 21 yards, weigh stations and rest areas, within right of way existing as of July 1, 1987, and contiguous
 22 public-owned property utilized to support the operation and maintenance of public roads and high-
 23 ways.

 31 a sanitary waste disposal system;

32 (C) Has interior wiring for interior lights;

33 (D) Has a heating system; and

34 (E) In the case of replacement:

35 (i) Is removed, demolished or converted to an allowable nonresidential use within three months
 36 of the completion of the replacement dwelling. A replacement dwelling may be sited on any part of
 37 the same lot or parcel. A dwelling established under this paragraph shall comply with all applicable
 38 siting standards. However, the standards shall not be applied in a manner that prohibits the siting
 39 of the dwelling. If the dwelling to be replaced is located on a portion of the lot or parcel not zoned
 40 for exclusive farm use, the applicant, as a condition of approval, shall execute and record in the
 41 deed records for the county where the property is located a deed restriction prohibiting the siting
 42 of a dwelling on that portion of the lot or parcel. The restriction imposed shall be irrevocable unless
 43 a statement of release is placed in the deed records for the county. The release shall be signed by
 44 the county or its designee and state that the provisions of this paragraph regarding replacement
 45 dwellings have changed to allow the siting of another dwelling. The county planning director or the

1 director's designee shall maintain a record of the lots and parcels that do not qualify for the siting
2 of a new dwelling under the provisions of this paragraph, including a copy of the deed restrictions
3 and release statements filed under this paragraph; and

4 (ii) For which the applicant has requested a deferred replacement permit, is removed or demol-
5 ished within three months after the deferred replacement permit is issued. A deferred replacement
6 permit allows construction of the replacement dwelling at any time. If, however, the established
7 dwelling is not removed or demolished within three months after the deferred replacement permit
8 is issued, the permit becomes void. The replacement dwelling must comply with applicable building
9 codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to
10 siting at the time of construction. A deferred replacement permit may not be transferred, by sale
11 or otherwise, except by the applicant to the spouse or a child of the applicant.

13 (A) The structures are designed and used for the sale of farm crops or livestock grown on the
14 farm operation, or grown on the farm operation and other farm operations in the local agricultural
15 area, including the sale of retail incidental items and fee-based activity to promote the sale of farm
16 crops or livestock sold at the farm stand if the annual sale of incidental items and fees from pro-
17 motional activity do not make up more than 25 percent of the total annual sales of the farm stand;
18 and

19 (B) The farm stand does not include structures designed for occupancy as a residence or for
20 activity other than the sale of farm crops or livestock and does not include structures for banquets,

27 area or placed on a permanent foundation unless the building or facility preexisted the use approved
28 under this paragraph. The site shall not include an aggregate surface or hard surface area unless
29 the surface preexisted the use approved under this paragraph. An owner of property used for the
30 purpose authorized in this paragraph may charge a person operating the use on the property rent
31 for the property. An operator may charge users of the property a fee that does not exceed the
32 operator's cost to maintain the property, buildings and facilities. As used in this paragraph, "model
33 aircraft" means a small-scale version of an airplane, glider, helicopter, dirigible or balloon that is
34 used or intended to be used for flight and is controlled by radio, lines or design by a person on the
35 ground.

39 square feet of floor area exclusive of the floor area designated for preparation, storage or other farm
40 use or devote more than 10,000 square feet to the processing activities within another building

28 personal-use airport lawfully existing as of September 13, 1975, shall continue to be permitted sub-
29 ject to any applicable rules of the Oregon Department of Aviation.

30 (i) A facility for the primary processing of forest products, provided that such facility is found
31 to not seriously interfere with accepted farming practices and is compatible with farm uses de-

1 of the governing body or its designee in any area zoned for exclusive farm use upon written findings
2 showing all of the following:

3 (a) The dwelling or activities associated with the dwelling will not force a significant change in
4 or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use.

5 (b) The dwelling is situated upon generally unsuitable land for the production of farm crops and
6 livestock, considering the terrain, adverse soil or land conditions, drainage and flooding, location
7 and size of the tract. A lot or parcel shall not be considered unsuitable solely because of its size
8 or location if it can reasonably be put to farm use in conjunction with other land.

9 (c) Complies with such other conditions as the governing body or its designee considers neces-
10 sary.

11 (4) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition),

17 (b) If the lot or parcel is located within the Willamette River Greenway, a floodplain or a
18 geological hazard area, the dwelling complies with conditions imposed by local ordinances relating
19 specifically to the Willamette River Greenway, floodplains or geological hazard areas, whichever is

27 (b) Persons who have requested notice of such applications and who have paid a reasonable fee
28 imposed by the county to cover the cost of such notice.

29 (6) The notice required in subsection (5) of this section shall specify that persons have 15 days
30 following the date of postmark of the notice to file a written objection on the grounds only that the
31 dwelling or activities associated with it would force a significant change in or significantly increase
32 the cost of accepted farming practices on nearby lands devoted to farm use. If no objection is re-
33 ceived, the governing body or its designee shall approve or disapprove the application. If an ob-
34 jection is received, the governing body shall set the matter for hearing in the manner prescribed in
35 ORS 215.402 to 215.438. The governing body may charge the reasonable costs of the notice required
36 by subsection (5)(a) of this section to the applicant for the permit requested under subsection (4) of

42 scribed in this section; and

43 (B) On July 1, 1983, greater than possessory interests are held in those contiguous lots, parcels
44 or lots and parcels by the same person, spouses or a single partnership or business entity, separately
45 or in tenancy in common.

3 (8) A person who sells or otherwise transfers real property in an exclusive farm use zone may
4 retain a life estate in a dwelling on that property and in a tract of land under and around the
5 dwelling.

7 taxes imposed upon the change in use have been paid.

8 (10) Roads, highways and other transportation facilities and improvements not allowed under
9 subsections (1) and (2) of this section may be established, subject to the approval of the governing
10 body or its designee, in areas zoned for exclusive farm use subject to:

11 (a) Adoption of an exception to the goal related to agricultural lands and to any other applicable
12 goal with which the facility or improvement does not comply; or

13 (b) ORS 215.296 for those uses identified by rule of the Land Conservation and Development
14 Commission as provided in section 3, chapter 529, Oregon Laws 1993.

21 (A) The agri-tourism or other commercial event or activity is incidental and subordinate to ex-

30 (F) The agri-tourism or other commercial event or activity occurs outdoors, in temporary
31 structures, or in existing permitted structures, subject to health and fire and life safety require-

43 plicant and is not transferred by, or transferable with, a conveyance of the tract. A decision
44 concerning an expedited, single-event license is not a land use decision, as defined in ORS 197.015.
45 To approve an expedited, single-event license, the governing body of a county or its designee must

1 determine that the proposed agri-tourism or other commercial event or activity meets any local
 2 standards that apply, and the agri-tourism or other commercial event or activity:

3 (A) Must be incidental and subordinate to existing farm use on the tract;

4 (B) May not begin before 6 a.m. or end after 10 p.m.;

5 (C) May not involve more than 100 attendees or 50 vehicles;

9 (F) Must be located on a tract of at least 10 acres unless the owners or residents of adjoining
 10 properties consent, in writing, to the location; and

11 (G) Must comply with applicable health and fire and life safety requirements.

12 (c) In the alternative to paragraphs (a) and (b) of this subsection, a county may authorize up to
 13 six agri-tourism or other commercial events or activities on a tract in a calendar year by a limited
 14 use permit that is personal to the applicant and is not transferred by, or transferable with, a

 14 is issued, the permit becomes void. The replacement dwelling must comply with applicable building
 15 codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to
