

HOUSE AMENDMENTS TO A-ENGROSSED HOUSE BILL 3337

By JOINT COMMITTEE ON WAYS AND MEANS

June 27

1 On page 1 of the printed A-engrossed bill, line 2, delete “and 468.583”.

2 Delete lines 5 through 25 and delete pages 2 through 4 and insert:

“ECOSYSTEM SERVICES WORK GROUP

3
4
5
6 “SECTION 1. (1) The Governor’s office shall convene a work group that represents public
7 and private interests in ecosystem services, including, but not limited to, farming, ranching,
8 timber, nursery, municipal, conservation, water quality, real estate and wetlands interests,
9 to:

10 “(a) Identify impediments to the State of Oregon’s ability to employ ecosystem services
11 and tools to meet conservation goals within the context of agency programs, while providing
12 socio-economic benefits for landowners who employ good stewardship;

13 “(b) Prioritize solutions to address the impediments specified in paragraph (a) of this
14 subsection;

15 “(c) Propose pilot projects that apply prioritized solutions and demonstrate how these
16 solutions may overcome impediments to the use of ecosystem services approaches and tools;
17 and

18 “(d) Consider the role of state agencies and local governments in the use of public funds
19 to achieve measurable ecological outcomes in the course of:

20 “(A) Complying with mitigation or regulatory requirements;

21 “(B) Advancing the missions of the state agencies and the interests of the local govern-
22 ments;

23 “(C) Administering grant programs;

24 “(D) Administering landowner incentive programs; and

25 “(E) Engaging in voluntary ecosystem services markets.

26 “(2) The Oregon Watershed Enhancement Board shall provide staff support to the
27 Governor’s office for purposes related to the provisions of this section.

28 “(3) The Governor’s office shall transmit the work group’s report to the interim legisla-
29 tive committees related to the environment and natural resources or other appropriate leg-
30 islative committees on or before January 1, 2015.

31 “SECTION 2. Section 1 of this 2013 Act is repealed on January 2, 2015.

“ECOSYSTEM SERVICES IN LAND USE, MANAGEMENT 34 AND INFRASTRUCTURE DECISIONS

1 “**SECTION 3.** ORS 197.010 is amended to read:

2 “197.010. The Legislative Assembly declares that:

3 “(1) In order to ensure the highest possible level of livability in Oregon, it is necessary to pro-
4 vide for properly prepared and coordinated comprehensive plans for cities and counties, regional
5 areas and the state as a whole. These comprehensive plans:

6 “(a) Must be adopted by the appropriate governing body at the local and state levels;

7 “(b) Are expressions of public policy in the form of policy statements, generalized maps and
8 standards and guidelines;

9 “(c) Shall be the basis for more specific rules and land use regulations which implement the
10 policies expressed through the comprehensive plans;

11 “(d) Shall be prepared to assure that all public actions are consistent and coordinated with the
12 policies expressed through the comprehensive plans; and

13 “(e) Shall be regularly reviewed and, if necessary, amended to keep them consistent with the
14 changing needs and desires of the public they are designed to serve.

15 “(2)(a) The overarching principles guiding the land use program in the State of Oregon are to:

16 “(A) Provide a healthy environment;

17 “(B) Sustain a prosperous economy;

18 “(C) Ensure a desirable quality of life; and

19 “(D) Equitably allocate the benefits and burdens of land use planning.

20 “(b) Additionally, the land use program should, but is not required to[,]:

21 “(A) Help communities achieve sustainable development patterns [and];

22 “(B) Manage the effects of climate change[.];

23 “(C) **Maintain and enhance ecosystem services, as defined in ORS 468.581, for present and**
24 **future generations; and**

25 “(D) **Consider the use of natural infrastructure in place of engineered solutions.**

26 “(c) The overarching principles in paragraph (a) of this subsection and the purposes in para-
27 graph (b) of this subsection provide guidance to:

28 “(A) The Legislative Assembly when enacting a law regulating land use.

29 “(B) A public body, as defined in ORS 174.109, when the public body:

30 “(i) Adopts or interprets goals, comprehensive plans and land use regulations implementing the
31 plans, or administrative rules implementing a provision of ORS chapter 195, 196, 197, 215 or 227; or

32 “(ii) Interprets a law governing land use.

33 “(d) Use of the overarching principles in paragraph (a) of this subsection and the purposes in
34 paragraph (b) of this subsection is not a legal requirement for the Legislative Assembly or other
35 public body and is not judicially enforceable.

36 “(3) The equitable balance between state and local government interests can best be achieved
37 by resolution of conflicts using alternative dispute resolution techniques such as mediation,
38 collaborative planning and arbitration. Such dispute resolution techniques are particularly suitable
39 for conflicts arising over periodic review, comprehensive plan and land use regulations, amendments,
40 enforcement issues and local interpretation of state land use policy.

41
42 “GOVERNOR’S OFFICE
43

44 “**SECTION 4.** (1) Before June 30, 2015, the Governor’s office, with assistance from the
45 Oregon Watershed Enhancement Board, shall:

1 “(a) Review relevant local, state, regional and federal conservation plans and laws that
2 could impact ecosystem services as defined in ORS 468.581 and develop a process for these
3 plans and laws to be spatially aligned and coordinated, with a focus on potential cost savings
4 and efficiencies in the implementation of the conservation plans and laws.

5 “(b) Propose statewide goals and measurable objectives that support the maintenance,
6 enhancement and restoration of ecosystem services as described in ORS 468.583 to the in-
7 terim legislative committees related to the environment and natural resources or other ap-
8 propriate legislative committees on or before June 30, 2015.

9 “(2)(a) The work required by this section shall be informed and guided by the efforts of
10 the work group convened under section 1 of this 2013 Act.

11 “(b) The Governor’s office and the board shall provide periodic reports on the progress
12 of the work required by this section to the work group convened under section 1 of this 2013
13 Act.

14 “SECTION 5. Section 4 of this 2013 Act is repealed on January 2, 2016.

15
16 “STATE AGENCIES AND LOCAL GOVERNMENTS

17
18 “SECTION 6. Sections 7 and 8 of this 2013 Act are added to and made a part of ORS
19 468.581 to 468.587.

20 “SECTION 7. (1)(a) State agencies and local governments are encouraged, to the extent
21 practicable, to compare costs and consider natural infrastructure as part of or as an alter-
22 native to:

23 “(A) Traditionally engineered means of mitigating or addressing the environmental im-
24 pacts of new development or redevelopment;

25 “(B) Traditional approaches to public habitat or ecosystem investments; and

26 “(C) Traditional approaches to attaining the objectives of public infrastructure develop-
27 ment or redevelopment.

28 “(b) The Oregon Watershed Enhancement Board shall coordinate with state agencies,
29 local governments and the private sector to develop technical assistance tools that support
30 and facilitate the objectives in subsection (1)(a) of this section.

31 “(2) State agencies may participate in public-private partnerships to develop, test and
32 implement ecosystem services approaches and methodologies.

33 “SECTION 8. In implementing conservation, restoration and regulatory compliance pro-
34 grams, state agencies and local governments are encouraged, to the greatest extent practi-
35 cable, to undertake projects and programs that:

36 “(1) Provide incentives to private landowners for implementation of conservation meas-
37 ures on their property;

38 “(2) Are more cost effective than current approaches;

39 “(3) Ensure long-term environmental stewardship;

40 “(4) Address multiple conservation values, especially resilience to challenges related to
41 climate change, carbon sequestration, water quantity and quality and biodiversity;

42 “(5) Emphasize the protection of high-quality, functioning ecosystems first, and then fo-
43 cus on the restoration of ecosystems where such restoration efforts are most likely to be
44 successful; and

45 “(6) Are consistent with any state conservation plans.
