(a) Furnish information to the Oregon transparency website by posting reports and providing links to existing information system applications in accordance with standards established by the Oregon Department of Administrative Services; and

(b) Provide the information in the format and manner required by the Oregon Department of Administrative Services.

(3) To the extent practicable and subject to laws relating to confidentiality, when at no additional cost, using existing data and existing resources of the state agency or education service district and without reallocation of resources, the Oregon transparency website shall contain information about each state agency and education service district, including but not limited to:

(L) A copy of all notices of public meetings of the education service districts.

(4) In addition to the information described in subsection (3) of this section, each state agency shall post on the Oregon transparency website notices of public meetings required to be provided by the state agency under ORS 192.640.

(5) In creating, operating, refining and recommending enhancements to the Oregon transparency website, the Oregon Department of Administrative Services and the Transparency Oregon Advisory Commission created in ORS 184.486 shall consider and, to the extent practicable, adhere to the following principles:

(a) The website must be accessible without cost and be easy to use;

(b) Information included on the Oregon transparency website must be presented using plain, easily understandable language; and

(c) The website should teach users about how state government and education service districts work and provide users with the opportunity to learn something about how state government and education service districts raise and spend revenue.

(6) If a state agency or an education service district is not able to include information described in this section on the Oregon transparency website because of the lack of availability of information or cost in acquiring it, the Transparency Oregon Advisory Commission created in ORS 184.486 shall list the information that is not included for that state agency or education service district in the commission's report to the Legislative Assembly required under ORS 184.486.
