SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure **as introduced**.

Urges Congress to change funding of veterans' health care from discretionary entitlement to permanent and direct entitlement.

JOINT MEMORIAL

1
2 To the President of the United States and the Senate and the House of Representatives of the United
3 States of America, in Congress assembled:

4 We, your memorialists, the Seventy-seventh Legislative Assembly of the State of Oregon, in
5 legislative session assembled, respectfully represent as follows:

6 Whereas the future of our nation and the American way of life depend on this nation's success
7 in defending itself against its enemies at home and abroad; and

8 Whereas the United States Army, Navy, Marine Corps, Air Force and Coast Guard, the reserve
9 components and the National Guard of each state have performed admirably and bravely in defense
10 of this nation; and

11 Whereas a grateful nation cares for and bestows benefits upon its brave veterans to whom this
12 nation owes its present prosperity and continued existence; and

13 Whereas veterans' benefits include education, health care, pensions and disability payments; and

14 Whereas George Washington, first President of the United States and Commander in Chief of
15 the Continental Army during the Revolutionary War, is reported to have said, "The willingness with
16 which our young people are likely to serve in any war, no matter how justified, shall be directly
17 proportional as to how they perceive the veterans of earlier wars were treated and appreciated by
18 their nation"; and

19 Whereas for fiscal year 2013, veterans can receive health care services through the United
20 States Department of Veterans Affairs health care system only to the extent that congressional ap-
21 propriations allow; and

22 Whereas the provision of veterans' health care is exceedingly important to veterans and their
23 families and survivors; and

24 Whereas the provision of payments to disabled veterans is among the most solemn responsibil-
25 ities of the American people; and

26 Whereas federal spending on veterans' health care is discretionary rather than mandatory and
27 direct, as are many entitlement programs; now, therefore,

Be It Resolved by the Legislative Assembly of the State of Oregon:

29 (1) The Congress of the United States of America is respectfully urged to change the funding
30 of veterans' health care from a discretionary entitlement to a permanent and direct entitlement.

31 (2) A copy of this memorial shall be sent to the President of the United States and to each
