(b) The propagation or harvesting of a forest product.

(c) Utility facilities necessary for public service, including wetland waste treatment systems but not including commercial facilities for the purpose of generating electrical power for public use by sale or transmission towers over 200 feet in height. Notwithstanding ORS 92.010 to 92.192 or the minimum lot or parcel size requirements under ORS 215.780, if the owner of a dwelling described in this paragraph obtains construction financing or other financing secured by the dwelling and the secured party forecloses on the dwelling, the secured party may also foreclose on the homesite, as defined in ORS 308A.250, and the foreclosure shall operate as a partition of the homesite to create a new parcel.

(g) Operations for the exploration for and production of geothermal resources as defined by ORS

NOTE: Matter in **boldfaced** type in an amended section is new; matter [*italic and bracketed*] is existing law to be omitted. New sections are in **boldfaced** type.

1 522.005 and oil and gas as defined by ORS 520.005, including the placement and operation of
2 compressors, separators and other customary production equipment for an individual well adjacent
3 to the wellhead. Any activities or construction relating to such operations shall not be a basis for
4 an exception under ORS 197.732 (2)(a) or (b).

5 (h) Operations for the exploration for minerals as defined by ORS 517.750. Any activities or
6 construction relating to such operations shall not be a basis for an exception under ORS 197.732
7 (2)(a) or (b).

8 (i) One manufactured dwelling or recreational vehicle, or the temporary residential use of an
9 existing building, in conjunction with an existing dwelling as a temporary use for the term of a
10 hardship suffered by the existing resident or a relative of the resident. Within three months of the
11 end of the hardship, the manufactured dwelling or recreational vehicle shall be removed or demol-
12 ished or, in the case of an existing building, the building shall be removed, demolished or returned
13 to an allowed nonresidential use. The governing body or its designee shall provide for periodic re-
14 view of the hardship claimed under this paragraph. A temporary residence approved under this
15 paragraph is not eligible for replacement under paragraph (q) of this subsection.

17 (k) Reconstruction or modification of public roads and highways, including the placement of
18 utility facilities overhead and in the subsurface of public roads and highways along the public right
19 of way, but not including the addition of travel lanes, where no removal or displacement of buildings
20 would occur, or no new land parcels result.

21 (L) Temporary public road and highway detours that will be abandoned and restored to original
22 condition or use at such time as no longer needed.

23 (m) Minor betterment of existing public road and highway related facilities, such as maintenance
24 yards, weigh stations and rest areas, within right of way existing as of July 1, 1987, and contiguous
25 public-owned property utilized to support the operation and maintenance of public roads and high-
26 ways.

36 (D) Has a heating system; and

37 (E) In the case of replacement:

38 (i) Is removed, demolished or converted to an allowable nonresidential use within three months
39 of the completion of the replacement dwelling. A replacement dwelling may be sited on any part of
40 the same lot or parcel. A dwelling established under this paragraph shall comply with all applicable
41 siting standards. However, the standards shall not be applied in a manner that prohibits the siting
42 of the dwelling. If the dwelling to be replaced is located on a portion of the lot or parcel not zoned
43 for exclusive farm use, the applicant, as a condition of approval, shall execute and record in the
44 deed records for the county where the property is located a deed restriction prohibiting the siting
45 of a dwelling on that portion of the lot or parcel. The restriction imposed shall be irrevocable unless

1 a statement of release is placed in the deed records for the county. The release shall be signed by
2 the county or its designee and state that the provisions of this paragraph regarding replacement
3 dwellings have changed to allow the siting of another dwelling. The county planning director or the
4 director's designee shall maintain a record of the lots and parcels that do not qualify for the siting
5 of a new dwelling under the provisions of this paragraph, including a copy of the deed restrictions
6 and release statements filed under this paragraph; and

7 (ii) For which the applicant has requested a deferred replacement permit, is removed or demol-
8 ished within three months after the deferred replacement permit is issued. A deferred replacement
9 permit allows construction of the replacement dwelling at any time. If, however, the established
10 dwelling is not removed or demolished within three months after the deferred replacement permit
11 is issued, the permit becomes void. The replacement dwelling must comply with applicable building
12 codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to
13 siting at the time of construction. A deferred replacement permit may not be transferred, by sale
14 or otherwise, except by the applicant to the spouse or a child of the applicant.

18 area, including the sale of retail incidental items and fee-based activity to promote the sale of farm
19 crops or livestock sold at the farm stand if the annual sale of incidental items and fees from pro-
20 motional activity do not make up more than 25 percent of the total annual sales of the farm stand;
21 and

31 under this paragraph. The site shall not include an aggregate surface or hard surface area unless
32 the surface preexisted the use approved under this paragraph. An owner of property used for the
33 purpose authorized in this paragraph may charge a person operating the use on the property rent
34 for the property. An operator may charge users of the property a fee that does not exceed the
35 operator's cost to maintain the property, buildings and facilities. As used in this paragraph, "model
36 aircraft" means a small-scale version of an airplane, glider, helicopter, dirigible or balloon that is
37 used or intended to be used for flight and is controlled by radio, lines or design by a person on the

42 square feet of floor area exclusive of the floor area designated for preparation, storage or other farm
43 use or devote more than 10,000 square feet to the processing activities within another building

6 (a) The dwelling or activities associated with the dwelling will not force a significant change in
7 or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use.

8 (b) The dwelling is situated upon generally unsuitable land for the production of farm crops and
9 livestock, considering the terrain, adverse soil or land conditions, drainage and flooding, location

31 imposed by the county to cover the cost of such notice.

32 (6) The notice required in subsection (5) of this section shall specify that persons have 15 days
33 following the date of postmark of the notice to file a written objection on the grounds only that the
34 dwelling or activities associated with it would force a significant change in or significantly increase
35 the cost of accepted farming practices on nearby lands devoted to farm use. If no objection is re-
36 ceived, the governing body or its designee shall approve or disapprove the application. If an ob-
37 jection is received, the governing body shall set the matter for hearing in the manner prescribed in
38 ORS 215.402 to 215.438. The governing body may charge the reasonable costs of the notice required
39 by subsection (5)(a) of this section to the applicant for the permit requested under subsection (4) of

7 retain a life estate in a dwelling on that property and in a tract of land under and around the
8 dwelling.

10 taxes imposed upon the change in use have been paid.

11 (10) Roads, highways and other transportation facilities and improvements not allowed under
12 subsections (1) and (2) of this section may be established, subject to the approval of the governing
13 body or its designee, in areas zoned for exclusive farm use subject to:

15 goal with which the facility or improvement does not comply; or

2 concerning an expedited, single-event license is not a land use decision, as defined in ORS 197.015.
3 To approve an expedited, single-event license, the governing body of a county or its designee must
4 determine that the proposed agri-tourism or other commercial event or activity meets any local
5 standards that apply, and the agri-tourism or other commercial event or activity:

6 (A) Must be incidental and subordinate to existing farm use on the tract;

7 (B) May not begin before 6 a.m. or end after 10 p.m.;

12 (F) Must be located on a tract of at least 10 acres unless the owners or residents of adjoining
13 properties consent, in writing, to the location; and

14 (G) Must comply with applicable health and fire and life safety requirements.

17 is issued, the permit becomes void. The replacement dwelling must comply with applicable building
18 codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to
