6 348.205. (1) The Oregon Opportunity Grant program is established within the Oregon Student  
7 Access Commission.

8 (2) Under the program, the cost of education of a qualified student shall be shared by the stu-  
9 dent, the family of the student, the federal government and the state.

10 (3) The commission shall determine the cost of education of a qualified student based on the type  
11 of eligible post-secondary institution the student is attending. The cost of education equals:

12 (a) For a student attending a community college, the average cost of education of attending a  
13 community college in this state;

14 (b) For a student attending a public university under the direction of the State Board of Higher  
15 Education, the average cost of education of attending a public university under the direction of the  
16 board;

17 (c) For a student attending a two-year Oregon-based, generally accredited, not-for-profit institu-  
18 tion of higher education, the average cost of education of attending a community college in this  
19 state; and

20 (d) For a student attending the Oregon Health and Science University or a four-year Oregon-  
21 based, generally accredited, not-for-profit institution of higher education, the average cost of edu-  
22 cation of attending an institution under the direction of the board.

23 (4)(a) The commission shall determine the amount of the student share. The student share shall  
24 be based on:

25 (A) The type of eligible post-secondary institution the student is attending;

26 (B) The number of hours of work that the commission determines may be reasonably expected

1 burden for the student.

2 (b) The student shall determine how to cover the student share through income from work,  
3 loans, savings and scholarships.

4 (c) The student share for a student who attends a community college may not exceed the amount  
5 that the commission determines a student may earn based on the number of hours of work reason-  
6 ably expected from the student under paragraph (a) of this subsection.

7 (d) The student share for a student who attends an eligible post-secondary institution that is not  
8 a community college may not exceed the sum of the amount that the commission determines a stu-  
9 dent may receive as loans plus the amount a student may earn based on the number of hours of  
10 work reasonably expected from the student under paragraph (a) of this subsection.

11 (5) The commission shall determine the amount of the family share. The family share shall be  
12 based on the resources of the family.

13 (6) The commission shall determine the amount of the federal share based on how much the  
14 student or the student's family is expected to receive from the federal government as grants, loans,  
15 tax credits or other student assistance.

16 (7)(a) The commission shall determine the amount of the state share. The state share shall be  
17 equal to the cost of education reduced by the student share, family share and amount received by  
18 the student from the federal government.

19 (b) The commission shall establish a minimum amount that a student may receive as a state  
20 share. If the commission determines that the amount of the state share of a student is below the  
21 minimum amount, the student may not receive the state share.

22 (c) In determining the amount of the state share, the commission shall consider the total amount  
23 available to award as grants to all qualified students. If the commission must reduce the amount of  
24 the state share under this paragraph, the commission may not reduce the amount of the state share  
25 awarded to students in the low income range in a greater proportion than the amount that the state  
26 share for students in other income ranges is reduced.

27 (8)(a) The commission shall adopt rules that prioritize [*current foster children and former foster*  
28 *children*] **the following groups of applicants** for receiving Oregon Opportunity Grants when the  
29 Oregon Opportunity Grant program does not have sufficient funding to serve all eligible Oregon

32 **(B) Qualified students majoring in a science, technology, engineering or mathematics**  
33 **field.**

37 **amount of moneys awarded in grants each academic year to qualified students majoring in**
