### A BILL FOR AN ACT

Relating to public employee retirement; creating new provisions; amending ORS 237.635, 237.637, 238.005, 238.285, 238.300, 238.360, 238.372, 238.374, 238.376, 238.378, 238.580, 238A.210, 238A.320, 292.180 and 314.840 and section 4, chapter 1, Oregon Laws 2010; repealing ORS 238.350 and 238.355; and declaring an emergency.

Whereas every Oregonian deserves to have a high-quality public education and to live in a safe community and reasonably expects efficient and effective delivery of other needed public services; and

Whereas the cost of Oregon's Public Employees Retirement System (PERS) is increasing at an unsustainable rate and diverting billions of dollars away from schools and other critical services; and

Whereas Oregon's schools have been forced to reduce instructional days, close schools and cut approximately 7,000 teachers over the last three years despite increased state spending on education; and

Whereas PERS is the largest single source of cost escalation driving these cuts; and

Whereas the annual cost of PERS is expected to increase significantly over the next decade or more, placing at risk schools, public safety, the poor and seniors who depend on state assistance; and

Whereas it is the responsibility of the Legislative Assembly to ensure that PERS is adequately funded, rationally designed as one element of a reasonably competitive compensation arrangement for public employees and sustainable for the sake of public employees, who may rely on PERS for a material part of their retirement, and for Oregonians generally, who rightly expect the state to use taxpayer dollars responsibly; and

Whereas in 2011 the Governor proposed and the Legislative Assembly passed comprehensive education reform based on the aspirational goal of enabling 40 percent of adult Oregonians to have at least a bachelor's degree, 40 percent of adult Oregonians to have at least an associate's degree and the remaining 20 percent of adult Oregonians to have at least a high school diploma; and

Whereas later that year an increase in PERS costs resulted in massive layoffs of teachers, fewer instructional days for students and the closings of schools; and

Whereas the PERS cost increase this year will drain hundreds of millions of dollars more out

**NOTE:** Matter in **boldfaced** type in an amended section is new; matter [italic and bracketed] is existing law to be omitted. New sections are in **boldfaced** type.

of schools and cripple Oregon's efforts to achieve its educational goals; and

Whereas it is necessary for the Legislative Assembly to reform PERS, so that the state may provide critical services efficiently and effectively and provide a long-term, financially sound retirement system for public employees; and

Whereas the savings from the reforms set forth in this 2013 Act could facilitate the hiring or retention of thousands of public employees, including teachers, police officers and firefighters; and

Whereas it is the intent of the Legislative Assembly that the savings realized by schools and agencies as a result of this 2013 Act be used, to the maximum extent possible, to provide services that Oregonians need; and

Whereas the Legislative Assembly accordingly urges that school districts use funds saved as a result of this 2013 Act to reduce class sizes, restore instructional days and hire 5,000 or more teachers throughout this state; and

Whereas the Oregon Business Plan enjoys broad bipartisan support as a strategy for creating jobs and growing wages; and

Whereas reform of the Public Employees Retirement System is a top priority in the Oregon Business Plan because it is critical to funding vital public services and especially education; now, therefore,

**SECTION 28.** ORS 238.300 is amended to read:

238.300. Upon retiring from service at normal retirement age or thereafter, a member of the system shall receive a service retirement allowance which shall consist of the following annuity and pensions:

- (1) A refund annuity which shall be the actuarial equivalent of accumulated contributions, if any, by the member and interest thereon credited at the time of retirement, which annuity shall provide an allowance payable during the life of the member and at death a lump sum equal in amount to the difference between accumulated contributions at the time of retirement and the sum of the annuity payments actually made to the member during life shall be paid to such person, if any, as the member nominates by written designation duly acknowledged and filed with the **Public Employees Retirement** Board or shall otherwise be paid according to the provisions of this chapter for disposal of an amount credited to the member account of a member at the time of death in the event the member designates no beneficiary to receive the amount or no such beneficiary is able to receive the amount. If death of the member occurs before the first payment is due, the member account of the member shall be treated as though death had occurred before retirement.
- (2)(a) A life pension (nonrefund) for current service provided by the contributions of employers, which pension, subject to paragraph (b) of this subsection, shall be an amount which, when added to the sum of the annuity, if any, under subsection (1) of this section and the annuity, if any, provided on the same basis and payable from the Variable Annuity Account, both annuities considered on a refund basis, results in a total of:
- (A) For service as a police officer or firefighter, two percent of final average salary multiplied by the number of years of membership in the system as a police officer or firefighter before the effective date of retirement.

- (B) For service as other than a police officer or firefighter, including service as a member of the Legislative Assembly, 1.67 percent of final average salary multiplied by the number of years of membership in the system as other than a police officer or firefighter before the effective date of retirement.
  - (b) A pension under this subsection shall be at least:
- (A) For a member who first establishes membership in the system before July 1, 2003, the actuarial equivalent of the annuity provided by the accumulated contributions of the member. For purposes of calculating an annuity under this subparagraph, the board shall use an assumed interest rate of four percent. A person establishes membership in the system before July 1, 2003, for the purposes of this subparagraph if:
- (i) The person is a member of the system, or a judge member of the system, on the day immediately before July 1, 2003; or
- (ii) The person performed any period of service for a participating public employer before July 1, 2003, that is credited to the six-month period of employment required of an employee under ORS 238.015 before an employee may become a member of the system.

- (c) As used in this subsection, "number of years of membership" means the number of full years of creditable service plus any remaining fraction of a year of creditable service. Except as otherwise provided in this paragraph, in determining a remaining fraction a full month shall be considered as one-twelfth of a year and a major fraction of a month shall be considered as a full month. Membership of a school district employee, an employee of an institution of higher education engaged in teaching or other school activity or an employee of the Department of Human Services, the Oregon Youth Authority, the Department of Corrections or the State Board of Education engaged in teaching or other school activity at an institution supervised by the authority, board or department, for all portions of a school year in a calendar year in which the district school, institution of higher education or school activity at an institution so supervised in which the member is employed is normally in session shall be considered as a full one-half year of membership. The number of years of membership of a member who received a refund of contributions as provided in ORS 237.976 (2) is limited to the number of years after the day before the date on which the refund was received. The number of years of membership of a member who is separated, for any reason other than death or disability, from all service entitling the member to membership in the system, who withdraws the amount credited to the member account of the member in the fund during absence from such service and who thereafter reenters the service of an employer participating in the system but does not repay the amount so withdrawn as provided in this chapter, is limited to the number of years after the day before the date of so reentering.
- (3) An additional life pension (nonrefund) for prior service credit, including military service, credited to the member at the time of first becoming a member of the system, as elsewhere provided in this chapter, which pension shall be provided by the contributions of the employer.
