SENATE MEMORIAL

1 To the President of the United States and the Senate and the House of Representatives of the United
2 States of America, in Congress assembled:

3 We, your memorialists, the Seventy-seventh Legislative Assembly of the State of Oregon, in
4 legislative session assembled, respectfully represent as follows:

5 Whereas the National Forest System, managed by the Forest Service of the United States De-
6 partment of Agriculture, was established in 1907 and has grown to include approximately 192,000,000
7 acres of federal land, of which more than 15,000,000 acres are in Oregon; and

8 Whereas the revested Oregon and California Railroad grant lands (O&C lands) and the recon-
9 veyed Coos Bay Wagon Road grant lands, which are managed predominantly by the Bureau of Land
10 Management, were once in private ownership but were returned to federal ownership in 1916 and
11 1919 and now constitute approximately 2,600,000 acres of federal lands, all of which are in Oregon;
12 and

13 and
14 Whereas Congress recognized that, by its decision to secure timberlands in federal rather than
15 private ownership, the counties across the United States where these lands are situated, of which
16 33 counties are located in Oregon, would be deprived of opportunities for economic development and
17 of tax revenues for use in providing essential public services, including K-12 public education; and

18 Whereas these same counties have expended public funds year after year to provide services,
19 such as road construction and maintenance, search and rescue, law enforcement, waste removal and
20 fire protection, that directly benefit these federal lands and people who use these federal lands; and

21 Whereas to accord a measure of compensation to the adversely affected rural public schools,
22 and to counties for the critical services they provide to both county residents and visitors to these
23 federal lands, and for the lost economic opportunities due to federal as compared to private owner-
24 ship, Congress determined that the federal government should share with these rural public schools
25 and counties a portion of the revenues that the United States receives from federal lands; and

26 Whereas Congress enacted in 1908 and subsequently amended a law that requires 25 percent of
27 the revenues derived from the National Forest System lands to be paid to the states for use by
28 counties where the lands are situated for the benefit of public schools and roads; and

29 Whereas Congress enacted in 1937 and subsequently amended the O&C Act (43 U.S.C. 1181f et
30 seq.), which requires that revenues derived from the O&C lands and the Coos Bay Wagon Road lands
31 be shared with the counties in which those lands are situated and be used for a broad range of es-

1 sential public services, as are other county funds; and

2 Whereas Oregon counties dependent on and supportive of these federal lands received and relied
3 on shared revenues from these lands for many decades to provide essential funding for public
4 schools, road maintenance and other critical public services; and

5 Whereas the principal source of these revenues, federal timber sales, has been sharply curtailed;
6 and

7 Whereas the reduced volume of timber sales from the federal lands in Oregon has decreased the
8 revenues shared with the affected counties and school districts, adversely affecting funding for
9 public schools, road maintenance and other public programs and services; and

10 Whereas in the Secure Rural Schools and Community Self-Determination Act of 2000, Congress
11 recognized this trend and temporarily mitigated the adverse consequences by providing annual pay-
12 ments through 2006, with a one-year extension through 2007, a four-year extension from 2008
13 through 2011, and a subsequent extension through 2012, to counties and rural public schools across
14 the United States, including all counties and schools in Oregon that traditionally shared in timber
15 receipts from national forest lands, O&C lands and Coos Bay Wagon Road lands; and

16 Whereas the authority for these safety-net payments will expire after fiscal year 2012; and

17 Whereas without these safety-net payments, revenue sharing is based only on actual federal
18 timber receipts; and

19 Whereas Oregon will receive more than \$100 million during fiscal year 2012, an amount that the
20 state cannot replace; and

21 Whereas Oregon uses the moneys it receives under the Secure Rural Schools and Community
22 Self-Determination Act to support rural public schools and counties and for special conservation
23 projects; and

24 Whereas the loss of the moneys from the Secure Rural Schools and Community Self-
25 Determination Act will have associated losses of essential programs and services and thousands of
26 jobs in both the government and private sectors; and

27 Whereas there is a need to maintain funding from the Secure Rural Schools and Community
28 Self-Determination Act for rural public schools, road maintenance and other public services through
29 predictable payments to the affected counties and schools; now, therefore,

30 **Be It Resolved by the Senate of the State of Oregon:**

31 (1) The Congress of the United States is urged to pass legislation that will reauthorize and ex-
32 tend the Secure Rural Schools and Community Self-Determination Act of 2000, as amended and ex-
33 tended in 2008, and subsequently extended in 2012, for an additional 10-year period, and to provide
34 that the Act be continued at 2012 funding levels and be funded through a mandatory, continuing
35 appropriation.

36 (2) A copy of this memorial shall be sent to the President of the United States, to the Senate
37 Majority Leader, to the Speaker of the House of Representatives and to each member of the Oregon
38 Congressional Delegation.
