Subject: Support SB 863

Please pass along to the entire committee that it is critically important to SUPPORT the passage of SB 863 and the other bills in their entirety. This common sense bill asserts that the proper regulatory agency, the Oregon Department of Agriculture, will continue to be in charge of managing agricultural activities in Oregon. To allow each county or city to attempt to understand this complex issue and then make rules throughout our State would cripple our important agricultural economy.

Sincerely,
