Clearview has created a community based Medical Loan Closet to help individuals in need of temporary use of medical equipment at no charge.

It's simple!

Call Clearview or a satellite office near you to borrow the equipment needed. It works like a library. You check out the equipment needed for a duration of 1 day to 3 months and then return it when you are finished. Length of time can be extended if needed.

Clearview asks that the equipment is returned in good condition so it may be loaned out to others. Please return items clean and have all accessories attached.

Clearview requires the borrower to sign a contract stating what they are borrowing and when it will be returned. They must sign the waiver to release Clearview from all liabilities including injuries.

All of Clearview's equipment has been donated by individuals in our community. This program would not exist without the donation of gently used equipment and monetary donations for repairs.

**Your donations are greatly appreciated.**
