Salem, OR 97301

Re: Support for House Bill 4016

Dear Chair Clem and Members of the Committee:

We write to offer our support for the HB 4016. We view this bill as important to fostering entrepreneurship and supporting the development of targeted industry clusters in rural communities, which will also benefit Oregon as a whole.

Job creation is essential to the vitality of any community, and especially to rural areas that have been hit hard by the economic downturn. The City of Portland has experienced success through collaborative efforts between business, government and academia and believes this is a model that could help bolster small businesses and create economic opportunity in communities across the state. That is why the City of Portland supports the expansion of a pilot program at Business Oregon to identify, develop and promote entrepreneurial activities in rural communities through HB 4016.

HB 4016 not only encourages the development of new businesses, but also the growth of existing ones. The bill increases the cap for Oregon Entrepreneurial Development loans from \$70,000 to \$100,000. These loans help start-ups, micro-enterprises and small businesses expand or become established in Oregon. By increasing the cap, small businesses all over the state will be able to seek greater funding for more significant projects.

Supporting entrepreneurial and small business development in rural communities creates much needed economic opportunity and stability, and benefits all Oregonians. HB 4016 advances these goals and we respectfully urge your support.

Sincerely,

Charlie Hales
Mayor
