

I am writing in support of House Bill: 4125 & the addition **of reserves** to the Aggravated Murder statute ORS 163.095.

I have been a Reserve Police Officer for 7 years with the Independence Police Department. I volunteer, not because I wish to be a full-time officer someday, but because I love the work, my fellow officers, & my community.

I am a wife & mother to two young sons.

The addition of 'reserves' to this statute means one thing to me: justice in the event of tragedy.

My family, my department, & my community deserve nothing less if I am killed in the line of duty.

Thank you,  
Reserve Officer Jill Thisell
