Written Testimony in Support of SB 1551

To: Chair Prozanski and Members of the Committee

My name is Hans Radtke and I reside in a rural area south of Yachats

I have been a hunter and a gun owner in Oregon for 45 years. I strongly support this Bill for two main reasons:

1. I believe it will help to keep guns out of the hands of people who may act irresponsibly.
2. If I sell or transfer a gun, and follow through with the proposed requirements for a criminal background check on the buyer, I will then have immunity from civil liability for any future use of that gun.

Thank you,

Hans Radtke
