WOMEN'S HEALTHCARE
ASSOCIATES LLC

TO: Representative Kotek

RE: Beaverton Community Health Collaborative's request for \$3,000,000 in lottery bond funding

Women's Healthcare Associates LLC (WHA), a 100 clinician ObGyn practice serving the Portland Metropolitan area, is a participant in the Beaverton Community Health Collaborative (BCHC). WHA provides obstetrics and gynecological services to patients and families on the west side of Portland in our six offices located at Meridian Park Hospital, Providence Newberg Hospital and Providence St. Vincent Hospital. Our mission is to serve all women, no matter their socio-economic status.

While WHA has always been committed to the provision of clinical services to our patients, we have become increasingly aware of the impact of social determinants on their health outcomes. Additionally, WHA wants to more accessible to the community by having offices closer to patients' homes and public transportation. BCHC provides WHA with the opportunity to be more accessible to families and have a more significant impact on their health by addressing the social determinants of health through our collective effort with the BCHC partners. We support the one-time capital request for \$3,000,000 in lottery bond funding for an integrated health and wellness center to enable this project to move forward.

WHA is a committed partner in this innovative healthcare delivery model. WHA committed to a 10 year lease, with option for an additional 10 years. We believe this project will be successful because it comprehensively addresses healthcare of families. The facility supports the partners' collaborative efforts to improve population health, increase client satisfaction and lower total cost of care.

Thank you for your consideration.

Brian Kelly
