

Our pastor, Denny Stahl, of Calvary Chapel Grants Pass, asked that we write to you in opposition to House Bill 4071 which would remove the statue of Methodist Missionary Jason Lee from the National Statuary Hall in Washington DC. He would be replaced by another person. We understand that there is a statue of John McLoughlin that could be replaced instead of Jason Lee. Enough of God has been removed from our country already. We respectfully request that you make our wishes know. Why does there have to be another change to our history and who authored this bill?

Thank you for your help...
