To the Honorable Co-Chairs Devlin and Buckley:

Nature of the Request

In a note attached to the 2013-2015 OSL budget, the Oregon State Library and the Department of Administrative Services, were *“directed to submit to the Legislature in February of 2014 a detailed strategic plan for the reorganization of the State Library. Additionally, the State Library is directed to hold vacant any current or future vacated or unfilled positions until the Legislature in 2014 approves a reorganization plan for the agency.”* The budget note indicated that the second year of biennial funding for the State Library is contingent upon the submission of the plan.

Agency Action

In September 2014 the State Library submitted a report on recommendations for reorganization of the State Library to the General Government Subcommittee of the Joint Interim Committee on Ways and Means. This report resulted from project work over the summer with significant consultation of the State Library employees and oversight of the State Library Board.

After the committee hearing, Senator Steiner Hayward and Representative Nathanson responded to that report with direction for the State Library, State Archives, State of Oregon Law Library, and Oregon Historical Society to come together with the assistance of the DAS COO's office to create an implementation plan for collaboration and cooperation between the four agencies that would improve information service delivery for Oregonians.

A team representing the four entities has been working on the implementation plan in coordination with the COO's office. A separate letter, signed jointly by all entities, has been submitted to report on the progress and current status of the implementation activities.

Action Requested

The State Library respectfully requests the Joint Committee on Ways and Means make the following changes to the State Library second year operations. This funding will be required to implement the reorganization changes recommended for the Oregon State Library.
