The Lane County Problem Gambling Advisory Committee is composed of citizens and professionals and aims to increase the public's awareness of problem gambling as a public health issue and to promote policies and practices that will ameliorate and prevent problem gambling. We are strongly in support of proposed House Bill 4028. Bill 4028 will provide much needed revenue to help increase the public's awareness of treatment resources for problem gamblers. We need to reach greater numbers of this at risk group and this Bill will make this possible.

Thank you for the opportunity to provide testimony.
