*Work Session*

---

HB 4009 requires the Department of Education (ODE) to provide educational services for students with disabilities who are living full-time in a Pediatric Nursing Facility due to high medical needs. Students admitted to a pediatric nursing facility are not considered a resident of any school district. Portland Public Schools (PPS) will continue to serve these students through contract with the Department of Education. In addition, the bill establishes the Pediatric Nursing Facility Account with the State School Fund (SSF) and annual transfers will be made to this fund from the SSF.

The Work Session packet, including measure, amendment, and budget report are available on the Oregon Legislative Information System (OLIS). The measure has no revenue impact and a fiscal impact.
