NOTE: Matter in **boldfaced** type in an amended section is new; matter [*italic and bracketed*] is existing law to be omitted.
New sections are in **boldfaced** type.

1 based assessments to:

2 (a) Measure a student's progress [*in becoming proficient in*] **toward mastery of** the knowledge
3 and skills of the student's current grade level **or course content level**;

4 (b) Determine the [*proficiency of the student*] **student's level of mastery**, which shall be deter-
5 mined regardless of the actual grade level of the student and may be determined by adapting the
6 assessment during the assessment process as a result of the performance of the student;

7 (c) Track and provide reports on the progress of a student based on the information provided
8 under paragraphs (a) and (b) of this subsection; and

9 (d) Provide predictions of anticipated student progress that are based on the information pro-
10 vided under this subsection and not on the current grade level of the student.

11 (4)(a) School districts and public charter schools shall implement the statewide assessment sys-
12 tem in mathematics, science and English. In addition, school districts and public charter schools
13 may implement the statewide assessment system in history, geography, economics and civics.

15 described in subsection (3) of this section.

16 (5)(a) Each year the resident **school** district shall be accountable for determining the student's

18 standards [*shall*]:

19 (A) **Shall** clearly show the student and parents whether the student is making progress toward
20 meeting or exceeding the academic content standards at the student's current grade level **or course**
21 **content level**; [*and*]

22 (B) **Shall** be based on the student's progress toward [*becoming proficient in*] **mastery of** a

25 **are not academic and that may include student behaviors that are defined by the school**
26 **district.**

27 (b) **School districts shall determine the method and format for showing student progress**
28 **toward achieving the academic content standards. Communications on student progress shall**
29 **include a reasonable number, as determined by the school district, of academic knowledge**
30 **and skills in a content area to enable parents and students to understand a student's**
31 **progress toward meeting or exceeding the academic content standards. No more than three**
32 **indicators of academic knowledge and skills per content area reporting category shall be re-**
33 **quired as provided by this section. A school district may use more than three indicators of**

43 continuum of **academic** knowledge and skills[.]; **and**

44 (c) **May be based on the student's progress in a continuum of knowledge and skills that**
45 **are not academic and that may include student behaviors that are defined by the school**

1 **district.**

2 [(6)] (7) If a student has not met or has exceeded all of the academic content standards, the
3 school district shall make additional services or alternative educational or public school options
4 available to the student.

5 [(7)] (8) If the student to whom additional services or alternative educational options have been
6 made available does not meet or exceed the academic content standards within one year, the school
7 district, with the consent of the parents, shall make an appropriate placement, which may include
8 an alternative education program or the transfer of the student to another public school in the
9 **school** district or to a public school in another **school** district that agrees to accept the student.
10 The **school** district that receives the student shall be entitled to payment. The payment shall consist
11 of:

12 (a) An amount equal to the [*district*] **school district's** expenses from its local revenues for each
13 student in average daily membership, payable by the resident **school** district in the same year; and

28 **level of performance.**

29 (2) **A school district may implement a proficiency education system as provided by this**
30 **section.**

31 (3)(a) **For a school district that will implement or has implemented a proficiency educa-**

10 proficiency grading and reporting systems; and

11 (h) Make recommendations to the school district superintendent based on the determi-
12 nations of the advisory committee as described in paragraphs (a) to (g) of this subsection or
13 necessary for the development and implementation of proficiency education and proficiency
14 grading and reporting.

15 **SECTION 4.** Nothing in section 3 of this 2014 Act affects proficiency education that was
16 implemented prior to the effective date of this 2014 Act or that was in the process of being
17 implemented on the effective date of this 2014 Act, except that all school districts that have
18 implemented or will implement proficiency education or proficiency grading must use an
19 advisory committee for the purposes described in section 3 (4) of this 2014 Act.

33 (d) A school district or public charter school may award a modified diploma or extended diploma
34 to a student only upon receiving consent as provided by subsection [(5)] (6) of this section.

35 (2) In order to receive a high school diploma from a school district or public charter school, a

17 and (5) of this section, consent shall be provided by:
