

**HOUSE AMENDMENTS TO
HOUSE JOINT MEMORIAL 201**

By COMMITTEE ON ENERGY AND ENVIRONMENT

February 12

1 Delete lines 15 through 18 of the printed joint memorial and insert:

2 “(1) In order to further enhance safety, the Congress of the United States of America is re-
3 spectfully urged to direct the Pipeline and Hazardous Materials Safety Administration to strengthen
4 standards for new tank rail cars and require that the approximately 92,000 existing tank rail cars
5 used to transport flammable liquids, including crude oil, be promptly retrofitted with advanced
6 safety-enhancing technologies or, if not upgraded, phased out of service.”
