A-ENGROSSED HOUSE BILL 4135

1   On page 1 of the printed A-engrossed bill, delete lines 5 through 19 and

2   delete page 2 and insert:

3   **"SECTION 1. (1)(a) The State Chief Information Officer shall advise**

4   **the executive staff members of state agencies, boards or commissions**

5   **who have responsibility for developing, acquiring, maintaining or im-**

6   **plementing information technology resources with respect to:**

7   **"(A) Emerging information technologies and emerging business**

8   **trends;**

9   **"(B) Current and future information technology issues and oppor-**

10 **tunities;**

11   **"(C) Strategies to maximize effective and efficient uses of enterprise**

12 **and shared services technology efforts; and**

13   **"(D) Individual agency, board or commission information technol-**

14 **ogy plans.**

15   **"(b) In addition to the advisory responsibilities described in para-**

16 **graph (a) of this subsection, the State Chief Information Officer has**

17 **the following powers, duties and responsibilities:**

18   **"(A) To identify information technology initiatives that involve**

19 **participation from more than one state agency, board or commission**

20 **or that involve all or a significant portion of one state agency's,**

21 **board's or commission's personnel or resources;**

22   **"(B) To form and lead governance structures and workgroups to**

1 plan and implement initiatives identified under subparagraph (A) of
2 this paragraph using shared services, and to oversee the implementa-
3 tion of the initiatives;

4 "(C) To specify priorities for initiatives identified in subparagraph
5 (A) of this paragraph and verify that the initiatives are implemented
6 according to the specified priorities;

7 "(D) To review state agency, board and commission information
8 technology budget proposals;

9 "(E) To ensure that individual state agency board and commission
10 information technology plans align with and conform to the Enterprise
11 Information Resources Management Strategy and other state govern-
12 ment information technology strategic plans;

13 "(F) To support and maintain this state's shared services and in-
14 formation technology portfolio; and

15 "(G) To evaluate and recommend any necessary adjustments to
16 state agency, board or commission information technology plans, pol-
17 icies or budgets.

18 "(c) In undertaking the duties and responsibilities described in
19 paragraph (b) of this subsection, the State Chief Information Officer
20 and executive staff members of state agencies, boards and commis-
21 sions who have responsibility for developing, acquiring, maintaining
22 or implementing information technology resources shall work to pro-
23 vide or assist in providing services that:

24 "(A) Enable the executive staff members to gain an informed anal-
25 ysis and understanding of state agency, board or commission business
26 processes that require information technology solutions;

27 "(B) Implement cost-effective and efficient acquisition and deploy-
28 ment of products and services; and

29 "(C) Rigorously govern, manage and oversee information technol-
30 ogy initiatives.

1   **"(2) On or before each date on which the Legislative Assembly**

2   **convenes in regular session, the State Chief Information Officer shall**

3   **deliver to the Joint Legislative Committee on Information Manage-**

4   **ment and Technology a report that describes the progress the State**

5   **Chief Information Officer has made in undertaking the duties and re-**

6   **sponsibilities specified in this section, the challenges the State Chief**

7   **Information Officer has faced and the statutory changes or resource**

8   **allocations that are necessary to support continued or better imple-**

9   **mentation.".**
