Rep Krieger,

I am unable to make it to the hearing this morning on HB 2051 so I am sending you my comments for Oregon Small Woodlands Association.

OSWA supports the bill but would like to see it amended to include more than just angling, hunting and trapping. OSWA members cite instances of trespass for the purpose of gathering minor forest products, hiking and data gathering along streams or wetlands. If you would put these issues on the record this morning it would be appreciated.

Members also would like the fine for the violation to be substantial. The thought of equal to a ticket for littering was suggested.

Thank you,

Roger Beyer  
Oregon Small Woodlands Association
