Program Description

The Board of Naturopathic Examiners protects the public by improving the standards of care offered by licensed practitioners through ensuring competency in education, and enhancing communication with the profession and the public. The Board conducts examinations for applicants; issues licenses to practice naturopathic medicine; certifies special competency in natural childbirth; sets continuing education standards; and approves naturopathic schools or colleges offering four-year full-time residential programs. The Board also investigates complaints, administers discipline, and imposes civil penalties. The Board is 100% Other Funds, through revenue generated from application, licensure and certification fees.
