Representative Mitch Greenlick, Chair
House Committee on Health Care
State Capitol
Salem, Oregon

RE: House Bill 2523

Dear Representative Greenlick:

House Bill 2523, which your Committee is scheduled to hear Monday, February 16, could potentially impact the provision of medical care to injured workers. Unfortunately, the Medical Advisory Committee to the Workers Compensation Division did not have this bill to review at our last meeting in January. It has been sent to the members who have been asked to respond quickly with their comments. I will let you and the bill's sponsor know of any concerns, or lack thereof, that our Committee has about this bill.

Thank you.

Ron Bowman, M.D., Chair
Medical Advisory Committee to the Workers Compensation Division
