ISSUES DISCUSSED:

EFFECT OF COMMITTEE AMENDMENT: Proposed (-1) amendments remove provisions modifying board of bar examiners.

BACKGROUND: The Oregon State Bar (Bar) was established in 1935 to provide oversight of the practice of law in Oregon. It does this through licensing and disciplining lawyers, regulating the practice of law, and providing information and assistance to lawyers and the public. The Bar oversees over 14,000 active lawyers. Currently, the Board of Governors has 18 members who oversee the activities of the Bar. Fourteen of the Board members are active attorneys in the state who represent different geographical areas. Four members are members of the public. In 1977, the Board created the Professional Liability Fund (PLF), mandatory primary malpractice coverage for all attorneys in private practice in Oregon.

Senate Bill 381 increases the members of the Board to nineteen members. The new member must be an Oregon licensed attorney who maintains a practice outside of the state. The measure also gives the Board clear authority to establish dates on which PLF contributions must be made and removes fixed timelines for correction of delinquencies of payment.
